Features & Benefits

- Disinfectant
- No rinse sanitizer
- Mildewstat
- Will not dull floor finish
- Deodorizes surfaces which are prone to odours caused by micro-organisms

Applications

- For use as a disinfectant, no-rinse sanitizer, or as a mildewstat.
- Excellent for industrial, institutional, hospital and food service

Sani Stuff™/MC

Disinfectant and No Rinse Sanitizer

Use instructions

NOTE: To avoid excess foaming, pour water first or place dilution control system as close to the side of the container being filled. This is a concentrate product: **DO NOT USE UNDILUTED.**

Surfaces must be pre-cleaned before using this product. Prepare a fresh solution for each use.

DISINFECTION:

1. Dilute product.
2. Apply with a sprayer, cloth, mop or by flooding or immersion. Allow surface or item(s) to remain wet for 10 minutes.
3. Remove excess liquid.

For HIV-1 (Human Immunodeficiency Virus): Wear disposable latex gloves, gowns, mask or eye covering. Clean blood or body fluids from surfaces before applying Sani Stuff. Any materials used in the cleaning process that may contain blood or body fluids are to be disposed of immediately in accordance with local regulations for infectious materials disposal.

SANITIZATION (200 ppm):

1. Prepare a 200 ppm active quaternary solution.
2. Apply with a sprayer, cloth, mop or by flooding or immersion. Allow surface or item(s) to remain wet for 1 minute.
3. Remove excess liquid or air dry. **NO POTABLE RINSE IS REQUIRED.** This product is an effective sanitizer when diluted in water up to 650 ppm hardness (CaCO₃).

Safe handling

Please make sure your employees read and understand the product label and Safety Data Sheet before using this product. The label contains directions for use; and both the label and SDS contain hazard warnings, precautionary statements and first aid procedures. SDS are available online at www.diversey.com or by calling 888.352.2249. Improper use or dilution may result in damage to surfaces and may result in health and physical hazards that match those of the concentrate.
