

DISPOSABLE WATER TRAPS

Y-Cap

The Dynarex Resp-O₂™ Disposable Water Trap is designed to seal off excess moisture and gasses during oxygen therapy and prevent them from backing up into tubing. The Water Trap features a threaded collection jar and self-sealing Y-shaped lid to ensure that circuits remain clear and unobstructed.

- Designed to trap liquids and help prevent obstructions in corrugated/circuit tubing
- Features threaded jar and Y-sealing lid to ensure uninterrupted flow
- Constructed from high-quality plastic materials for optimal reliability
- Not made with natural rubber latex or DEHP
