Instructions

This kit includes everything you need to create colorful and dynamic scratchboard art.

Important Information about the Paint

- The paint included is a non-toxic, acrylic paint that dries permanently on most surfaces, so be careful!
- Cover your work surface and wear a smock or old clothes. This paint may stain fabrics and furniture. Clean up any spills immediately while the paint is still wet.
- Have water and paper towels handy for cleaning and drying your brush.

- 1.) Using your oil pastels, color the entire board. →

Helpful Tip

Overlap colors to create new ones.

Red + Yellow = Orange

Yellow + Blue = Green

Blue + Red = Purple

- 2.) Squeeze some paint on the board. Use the sponge brush to cover the board completely with paint. →

- 3.) While the paint is still wet, use the stylus to draw into the paint. This will reveal the colors underneath. Hold the stylus at different angles to create thin or thick lines. Allow the paint to dry. →

Finishing

When you're finished, choose your favorite and set it on your pop-up easel for display.
