

DOCK FLOATS

The top choice when building, replacing or expanding your dock. Our dock floats are made to last with a durable and strong UV-resistant black polyethylene shell filled with EPS foam. Installation is easy and our dock floats mount to most dock designs.

NOTE Not designed to
attach to each other.

ENHANCE YOUR DOCK

Designed for Durability

Made with a UV-resistant black polyethylene shell of EPS foam, our dock floats are protected against sinking should the shell be compromised. The shell protects the foam core from salt water, gasoline and other harsh chemicals.

Easy Assembly and Installation

Easily mount our dock floats to nearly any dock design with sturdy mounting flanges. Mounting hardware is not included.

Excellent Construction

Our dock floats are the must-haves of boaters everywhere because of their excellent construction, 1/8" walls and sturdy polyethylene shell. Our floating docks are durable and will last for many boating seasons.

Additional Features

- Seamless UV-resistant black polyethylene shell filled with EPS foam
- Tough outer shell protects the foam core from saltwater, gasoline and most other chemicals
- 8-year flotation warranty
- Ventilation holes allowing air in and keeping water out
- Thick mounting flanges can be drilled to accommodate attachment fasteners
- Mounting hardware not included

Lippert Part #	Taylor Made Part #	Size	Color	Approximate Flotation	Pallet Quantity
12" Height Dock Floats
