## Caution

### Precautions

BE SURE TO OBSERVE THE FOLLOWING GUIDELINES: Do not turn up the volume so high that you can't hear what's around you.

Use caution or temporarily discontinue use in potentially hazardous situations.

Do not operate mobile video equipment while driving a motorized vehicle – safe driving and safety consideration of others should always be your highest priority.

Set your volume control at a low setting, then slowly increase the sound until you can hear it comfortably without distortion, or ear discomfort.

In the event you should notice smoke, strange noises or odor from this product, or any other abnormal signs, immediately turn off the power and consult your dealer or the nearest authorized **BOSS AUDIO SYSTEMS** Service Center.

Using this product in this condition may result in permanent damage to the system.

### Installation Precautions

BOSS AUDIO SYSTEMS does not recommend to install the product yourself.

We recommend to have it professionally installed by a certified professional.

Always consult with a professional installer .

**Do not attempt to install or service this product by yourself.** Installation or servicing of this product by persons without professional training and experience in electronic equipment and motorized vehicle accessories may be dangerous and could expose you to the risk of electric shock, injury or other hazards.

Refer any repairs to a qualified BOSS AUDIO SYSTEMS Service Center.

## Caution

### Before Installing

To avoid potential shorts in the electrical system, be sure to disconnect the (-) battery cable before installation.

Use this unit with a 12-volt battery and negative grounding only. Failure to do so may result in a fire or malfunction.

### Product Safety

It is against Federal and Local laws for video to be viewed by the driver while the vehicle is in motion. This video product was intended to be used with the parking brake safety feature. Video cannot be seen without the proper parking brake powered connection. Tampering or disabling this feature will void any and all warranty. Please check with a professional installer to have your product installed properly.

### Important Note

Due to ongoing enhancements, example images on screens may slightly differ from actual product.

## Caution

### Images and Video

Watching video while driving is against Federal, State, and Local laws.

Drive safely, know and obey traffic rules. Watching this screen and making selections while driving can lead to a serious accident.

Check surroundings for safety while camera images are displayed.

Do not use features of this product while driving if it cannot be operated safely and legally in your location. Before operation of smartphone Apps accessible from this device, read safety instructions in your Owner's Manual. When using navigation Apps stay alert to observe real world conditions.

### About this manual

To entirely understand how to properly use your new BOSS Audio Systems product, it is recommended to read this user manual, and keep it in a safe place for future reference.

-Read the entire manual

-Keep the manual

-Follow all instructions

-Clean with a dry cloth only

-Do not use or operate near water

-Do not defeat any safety features

### California Residents (Proposition 65)

This product may contain chemicals known to the State of California to cause cancer, birth defects or other reproductive harm.

# Basic Product Operation

## What comes in the box

### Hardware

Qty 1 BE7ACP-FT

Qty 1 Rubber Grommet

Qty 1 Hex Bolt

Qty 1 Hex Nut

Qty 8 Screw M5x6

Qty 1 Tapping Screw 5X18 B/A

Qty 1 Spring Washer

Qty 2 Plain Washer

Qty 2 Key

Qty 1 Mounting Bracket

Qty 2 Brackets

### Connections

Qty 1 Power/Harness

Qty 1 Hands-free Microphone

## Basic Product Operation

### Front Detail

#### 1. Menu Button

Touch to switch between the home menu and the last selected source.

#### 2. Voice Assistant

Touch to activate then say command.

#### 3. Power/Volume Knob

1. Touch and hold to turn the unit on or off.
2. Touch briefly to mute or restore volume.
3. Rotate to increase or decrease volume.

#### 4. MODE Button

Touch to select a system mode.

#### 5. Phone Button

1. Answer or dial a phone call.
2. End or reject a phone call.

#### 6. Reset Pinhole

Press with a pin to restore the factory settings. Reset the unit when it has no response.

## Basic Product Operation

### Unit Installation

THE UNIT IS INSTALLED TO BE AN ANTI-THEFT ONE. THE CHASSIS OF THE UNIT WEARS A SLIDING METAL HOUSING. PLEASE DO THE CONNECTION OF THE POWER, SPEAKERS AND ANTENNA ACCORDING TO THE REQUIREMENT OF THE INSTRUCTION BOOK , THEN INSTALL THE SLIDING METAL HOUSING IN THE CAR AS FOLLOWS.

## Basic Product Operation

### Operation instruction

## Basic Product Operation — CAUTION!

### Display screen removal

1. Hold down the two release buttons

2. Gently pulling the display panel forward

## Basic Product Operation

### Using and Caring for the Touchscreen

#### **Use:**

This head unit utilizes a Capacitive Touchscreen, the same type that is used on high-end mobile devices. It should be used for and cared for like that type of device. As with all capacitive type technology, if your fingers are wet or sweaty, it will not function properly.

Do not allow any sharp objects to come in contact with the screen glass.

#### **Care and Cleaning:**

To clean the screen, use a dry microfiber type cloth to clean. Do not use ammonia, window cleaner, or any other type of household chemicals to clean the screen. Abrasives should not be used at all.

# Basic Product Operation

## Product Setup (Date & Time)

### Setup Option A: CarPlay Method

Connect your Apple® device using a Lightning® cable. The CarPlay USB port must be used.

This will automatically setup the time and date.

User must set Time Zone manually.

Default is Pacific Time Zone.

### Setup Option B: Date and Time

### Additional Setup

General > Language

Audio > EQ, Other Audio Settings

Display > Illumination, Brightness

# Apple CarPlay

## Using CarPlay

### Note

Apple CarPlay usage is limited while driving.

Functions, contents, and usability is determined by the App provider(s).

Controls will vary with each App that is available for CarPlay.

For more details visit:

<http://www.apple.com/ios/carplay>

### WARNING

Familiarize yourself with your Local and State laws regarding mobile devices.

Certain functions of an iPhone might be prohibited and or illegal while driving in your location.

When in doubt, park the vehicle and engage the parking brake first before performing the function(s).

### Connecting to CarPlay USB Port

1. Connect the CarPlay compatible device via Lightning® cable (not included).
2. The iPhone will load the CarPlay function.
3. On the display, the CarPlay will illuminate green, touch it to enter the CarPlay menu.
4. To return to the product **Home** menu,

Touch

### NOTE

The product's Bluetooth will turn **OFF** automatically when CarPlay is in use. Hands-free phoning will function through the CarPlay feature.

When using CarPlay, there is no need to pair your iPhone, the USB cable connected through the USB Port (1) will enable this feature.

If other devices are connected via Bluetooth, they will be disconnected for the duration of CarPlay use.

### Gestures & Control

Basic controls, but not limited to:

Touch 

Swipe 

Dragging 

Other gestures and controls might differ on each App.

### NOTE

Volume control is handled exclusively by the product.

# Apple CarPlay

## Using CarPlay

### CarPlay Display Setup

1. Using your iPhone:

**Settings > General > CarPlay**

2. **Touch and Hold** each App icon to move.

To remove an App, **Touch** 

### NOTE

Only Apps with the  icon can be removed from CarPlay.

Only Apps with the  icon can be added in carplay.

### How to Disable Apps

1. Using your iPhone:

**Settings > Notifications > App to Disable**

# Android Auto

## Using Android Auto

### Note

Android Auto usage is limited while driving. Functions, contents, and usability is determined by the App provider(s).

Controls will vary with each App that is available for Android Auto.

For more details visit:

<https://www.android.com/auto/>

### WARNING

Familiarize yourself with your Local and State laws regarding mobile devices.

Certain functions of the mobile device might be prohibited and or illegal while driving in your location.

When in doubt, park the vehicle and engage the parking brake first before performing the function(s).

### NOTE

To complete the setup properly, the Parking Brake status wire must be connected.

### WARNING

For your safety, the setup process **MUST** be accomplished while the vehicle is **Parked and Parking Brake Engaged**.

### Android Auto App

1. For Android 9.0 or earlier, download and install the Android Auto app from Google Play. For smartphone with Android 10.0 or later, plug in your phone and follow the prompts on your phone to accept the permissions that Android Auto requires.

Minimum Requirements:

### Android 5.0

For a list of compatible devices:

<https://www.android.com/auto/>

### Updating Related Apps

1. During the first start up and setup of the Android Auto app, the Maps, Music, Google apps will install/update automatically.

### Connecting to Android Auto USB Port

1. Connect the Android compatible device via the appropriate USB cable (not included).
2. The Android device will load the Android Auto function.
3. Bluetooth will connect automatically when the setup is completed.

### Android Auto Permissions Permissions

Several features can be allowed or denied access to customize your usability of the product.

The access can always be modified in Settings on the Android device.

# Bluetooth®

## Setup & Connection

### Hands-Free Menu

#### NOTE

CarPlay or Android Auto must not be active. If being used, disconnect the device to start Bluetooth.

Compatibility with all mobile devices is not guaranteed. Please read through the user guide of the mobile device.

#### CAUTION

For your safety, the setup process should be accomplished while the vehicle is parked and parking brake engaged.

### First time Pairing

Using your phone, media or other Bluetooth device, try to connect to this headunit.

Mobile Device:

Search for **BOSS AUDIO BE7ACP-FT**

iOS Devices: **Settings > Bluetooth**

Android Devices: **Settings > Connections > Bluetooth**

A passcode is generated and will display on both the head unit and mobile device for secure pairing.

Touch  to confirm

Every time the product is powered ON, the mobile device will automatically connect if within range.

#### NOTE

Once paired and connected, the device list will display the available Bluetooth profiles.

### Phonebook and History

To **Download Phonebook**:

1. Touch **Contact > Download**

To **Download History**

1. Touch **History > Download**

### Device Status

Battery and Cellular Strength is displayed on the top right of the Home menu.

GATT Profile support is required on the mobile device.

# Connections

## Power/SWC

### ⚠ CAUTION

It is recommended to have the product installed by a certified installation professional.

### ⚠ CAUTION

Before installation, or wiring connections, disconnect the negative (-) battery terminal to prevent damage to the product, and/or possible injury.

### ⚠ CAUTION

Remote Out is 500 mA max output rating. If several amplifiers are to be used, it is recommended to use a relay for the Remote Out trigger.

### i Note

Unused input/output wires need be insulated with tape, heat shrink, or crimp connectors. **Never use wire nuts.**

### i Note

A separate interface might be needed for your vehicle application. It is recommended that you consult with a professional installer.

### i Note

When replacing the fuse, always do so with the same type and value (**15 A**).

# Connections

## Speakers

### CAUTION

Do not chassis ground any speaker wire leads.

### CAUTION

Only use 4-8  $\Omega$  Speakers

Do not use 1-3  $\Omega$  Speakers

### CAUTION

Do not bridge any of the channels, they are only to be wired in stereo mode.

### Note

Unused speaker wires need be insulated with tape, heat shrink, or crimp connectors.

**Never use wire nuts.**

If the speaker outputs are not used, turn **Off** the internal amp to reduce the possibility of noise entering the signal chain.

### Note

Observe speaker polarity when making connections.

Location to plug in

# Connections

## Audio Pre-amp/AV IN/ Radio

**i Note**

Subwoofer Pre-amp is a non-fading mono output.

**i Note**

Always run signal wires away from power cables to reduce the possibility of noise.

**i Note**

If pre-amp outputs are being used exclusively, turn **Off** the internal amp of the product, to reduce the possibility of noise entering the signal chain.

Location to plug in

# Connections

## Camera/USB/MIC

**! WARNING**

Never rely solely on the rear view camera; always check your surroundings before proceeding.

**Images may appear reversed**

Do not use a feature of this product if it cannot be operated safely and legally in your location.

# Connections

## Parking Brake

### **WARNING**

Improper connection or use of the parking brake status wire, (i.e. defeating the safety feature) violates Federal, State, and Local laws. This may lead to injury, property damage, and/or death.

### **WARNING**

Watching videos or photos while driving is against Federal, State, and Local laws.

### **Note**

For Android Auto setup, the parking brake status wire **MUST** be connected.

### **Note**

Review the connections of this product, to properly integrate the parking brake wire to the vehicle.

Video and or photos cannot be viewed while driving. The vehicle must be stationary and the parking brake applied to enable viewing.

 **Lt. Green**, Parking Brake Input

**Power/Speaker/SWC/Harness**

### **Note**

The parking brake input needs to be connected to the parking brake wire.

### **Note**

Every vehicle has a different type of parking brake connection; consult a certified professional installer.

## Connections

### Hands-free Mic

#### Placement

Every vehicle will perform differently due to layout, interior materials, etc.

The **Red** shaded areas are the recommended locations for best microphone performance.

Items to look for before placement:

1. Do not place in front of air vents.
2. If the vehicle has tweeters placed on sail panels, do **NOT** locate the mic on steering column area.
3. Front of mic must not be blocked.
4. Mic should be firmly attached to mounting location.
5. Do not cover the grille openings surrounding the mic.
6. To avoid excessive wind noise, do not place near the sunroof opening

#### **WARNING**

Run microphone wire where it will **NOT** impede the operation of any safety items, i.e. Airbags, Knee Airbags, etc.

## Troubleshooting

Issues	Cause	Solution
No Sound	Internal amplifier is off Product is muted External amplifiers  Audio source	Go to Settings > Audio > Internal Amp <b>ON</b> . Touch the volume. Check the external amplifiers are on. Check the remote output wire has voltage. Change the audio source.
Media Not Supported	Media on USB flash drive	Change the media format on the USB device. Change the USB device.
Poor Radio Reception	Radio area Antenna	Change the station. Antenna output wire is not connected. Connect Antenna to product.
Apple CarPlay/Android Auto will not start	Bad Lightning®/USB cable Locked device Not charged  CarPlay/Android Auto frozen	Replace the cable. Device needs to be unlocked. Device needs to be powered <b>ON</b> for CarPlay/ Android Auto to function. Allow it to charge and power on. Unplug the device, close all Apps and plug it in again.
Bluetooth	Not connecting to device	Make sure the device is within range. Device's Bluetooth connection needs to be turned <b>ON</b> .

## Troubleshooting

Issues	Cause	Solution
Bluetooth	Not connecting to device	Go to Setting >Connection >Power <b>ON</b> Pair and Connect the device like new.
Hands-free call quality	Mobile device Microphone	Check cellular strength on mobile device. End call and redial number. Microphone placement needs to be relocated. Microphone needs to be firmly attached to location it's mounted on. Check to see if microphone is properly plugged in.
Unit is unresponsive	Processor has frozen	Restore the factory settings. Use a small pin to press the reset pinhole on the bottom of the display.
