SPECIFICATIONS

Model: 1DAFD8R

Speed Control: Step-less speed regulation

Size: 11.02*6.14*10.83inch

Voltage: DC 5V

Power: 10W

Battery Capacity: 4000mA

PRODUCT FEATURE:

1. All-copper motor generates strong wind and works quietly, with long service life
2. Large capacity battery can be used as portable power bank

SPECIFICATIONS & PRECAUTIONS

SPECIFICATIONS:

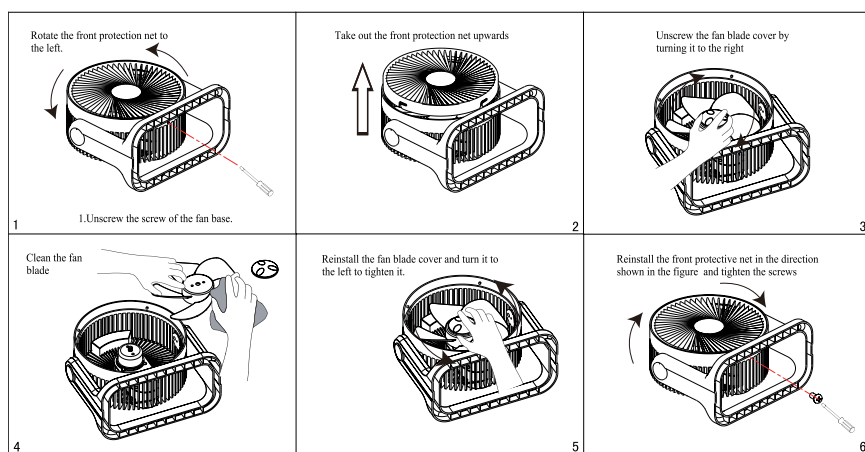

1. Please use the supplied charging cable to charge.
2. Recommend keeping the fan off when charging. Please unplug the power supply after fully charged
3. Power reminder: when the indicator light is flashing, the battery is insufficient; when the indicator light remains solid, the battery is fully charged.
4. The on and off switch is located at the back of the fan. Turn right to start and set the speed as needed

PRECAUTIONS

1. Do not put your finger into the fan cover when the fan is working (Children under 18 years old need the guardianship of adults).
2. Do not use this product near fire or flammable gas.
3. Please do not use the fan when it vibrates abnormally.
4. Do not use corrosive liquid to clean or immerse any part of the machine in water.

CLEANING

Machines being used in areas with high particle pollution will need to be more frequently cleaned.

NOTE: Proof of purchase is required for all warranty claims.

NOTE: As a result of continual improvements, the design and specifications of the product within may differ slightly to the unit illustrated on the packaging.
