## Automatic Air Freshener

### Use Instructions

- To replace empty can, first turn your AIR WICK® FRESHMATIC® Unit to the OFF position.
- Insert refill into dispenser. (Insert the refill with the nozzle facing outward)
- Set the device by setting the fragrance intensity control to the needs of your home: low, medium, high
- Turn power on with unit pointed away from face. The first spray will come after a 15 second delay.
- Place dispenser on surface or hang on wall.
- Discard the empty can and make sure that the red lever is pushed up.

NOTE: Keep unit directed away from your face at all times and above eye level.  
Unit should be placed at least 6 feet above floor level. Read precautions on can.
