

STAKED BIRD BATH HB-9091

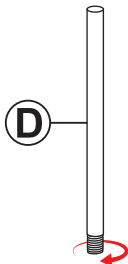

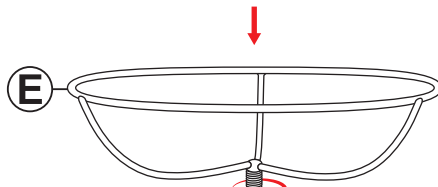

Review all assembly and care information before using this product. Save this manual for future reference.

Assemble components on a soft, clean surface to avoid damaging the finish.

Inspect packaging to ensure all parts are accounted for before disposing of packing materials.
Save the packing slip.

No.	PARTS	QTY.
A	Step-in Stake	1
B	Stake Support	1
C	Bottom Pole	1
D	Top Pole	1
E	Bowl Frame	1
F	Bowl	1

ASSEMBLY

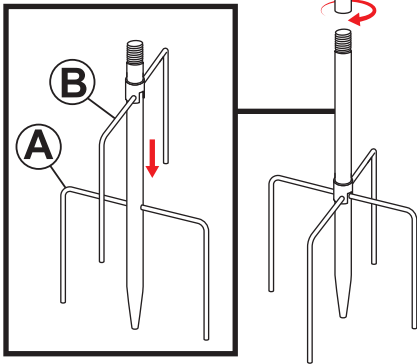

1. Slide Stake Support (B) over Step-in Stake (A).
2. Firmly secure Top Pole (D) to Bottom Pole (C). Then, firmly secure to the step-in stake.
3. Firmly secure Bowl Frame (E) to the pole.
4. Place Bowl (F) into the bowl frame.

INSTALLATION

A shaded location is recommended for this bird bath; the metal can become very hot in summer sun. Additionally, warm water is less appealing to birds and is more likely to form algae and bacteria.

IMPORTANT: Take care not to push on the bowl or bowl frame during installation as doing so may bend or break the unit.

1. Choose a location with soil that is firm enough to support the staked bird bath while it is in use. Installing into loose soil may result in the unit tipping over.
2. Ensuring the pole remains straight, push the step-in stake into the ground and step on it until it is flush with the ground. If you encounter resistance during installation, do not force the prongs into the ground; check for obstructions such as stones or tree roots.
3. Align the groove in the stake support with the main stake. Using gentle force, alternate stepping on each side of the stake support until it is fully installed into the ground.

⚠️ WARNING:

Manufacturer and seller expressly disclaim any and all liability from personal injury, property damage or loss, whether direct or indirect, or incidental, resulting from the incorrect attachment, improper use, inadequate maintenance, or neglect of this product.

Use, Care & Maintenance

Avoid high-traffic areas such as locations where children and pets play.

A shaded location is recommended for this bird bath; the metal can become very hot in summer sun. Additionally, warm water is less appealing to birds and is more likely to form algae and bacteria.

Do not use this unit during freezing temperatures as doing so can harm wildlife.

Clean the bowl regularly, at least once per week.

Water may seep into the connection points and cause the treaded components to rust. Periodically check connection points and clean them to prevent damage.

Cleaning

Clean often. Do not use harsh chemicals or abrasive materials to clean this unit.

Clean the bowl at least once per week to prevent bacteria, pathogens, and algae from forming. Failure to maintain and fully clean the bowl on a regular basis may damage the finish. Manufacturer is not liable for damage caused by improper maintenance and/or use of chemical treatments.

Wash components using a mixture of 9 parts warm water to 1 part white distilled vinegar. Scrub with a cloth or a soft-bristled brush.

Thoroughly rinse with clean water and dry with a clean cloth.

WARNING: THE ONE-YEAR WARRANTY DOES NOT COVER DAMAGES OR DEFECTS CAUSED BY THE APPLICATION OF CHEMICAL TREATMENTS, PROTECTIVE COATINGS, TOUCH-UP PAINT, OR CLEANING PRODUCTS.

SAFETY STATEMENTS & WARNINGS

- Do not install into loose soil as the unit may lean or tip over.
- Do not exceed the capacity of the unit.
- Do not use harsh chemicals or abrasive materials to clean the unit as they may damage the product and void the product warranty.
- Store this unit during freezing temperatures as exposure to freezing temperatures may damage the product and could potentially harm wildlife.
- Manufacturer is not liable for damages or defects caused by exposure to weather elements.

Any modification to the product or failure to follow recommended care will void the product warranty.

If you experience issues with assembly or the product was damaged during shipping, please contact our customer service team through one of the methods mentioned at the top of page 1.

Please have the item number and order information ready to expedite response time.
