# *Molded Raised Plastic Toilet Seat*

*White*

## INSTALLATION INSTRUCTIONS

1. Lift the seat and lid of the toilet.
2. Place raised toilet seat onto toilet bowl until it rests flat on the bowl.
3. Center raised toilet seat onto bowl and push back until inside splash guard is against inside of rim.
4. When the raised toilet seat is properly installed it will sit flat on the bowl.

## CLEANING INSTRUCTIONS

This raised toilet seat can be easily cleaned with regular household products with lukewarm water.
