Retail and Point of Sale Solutions
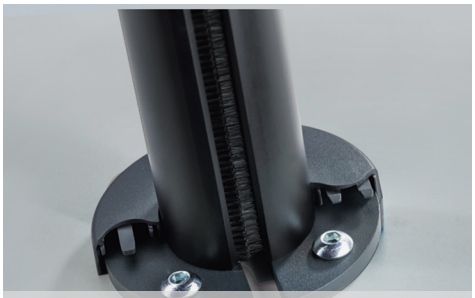
for any business environment.

Extend the capabilities of your business with Novus RetailSystem. Our point-of-sale and display solutions will allow you to interact with your customer on a completely new level. The ability to accept payments, sign documents, and display product info will improve your customer's experience and satisfaction. The Novus RetailSystem is perfect for:

- Retail Stores
- Restaurants
- Travel Agencies
- Hotels
- Transportation Services
- Pharmacies

The right solution for your business needs – multiple configuration options

Quality and Innovative Design: It's all in the details



2 in 1: Screw-on and through-table attachment for using existing cable ports.

High-quality silver or black anodized aluminum columns.

Variable height arms let you easily position terminals, keyboards, and monitors.

Cables are routed inside the columns, where they are concealed by brush seals.

Hidden cable holders keep wires organized, and provide a clean appearance.

Compatable with monitors and displays using VESA 75/100 standard. Attachment can be made with QuickRelease.

RS base 600

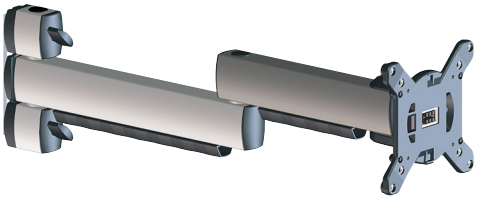
RS base 400

RS base 200

NOVUS RetailSystem base

Two channel aluminum column with innovative brush seals to hide all cables. Columns are secure using a drilling screw base and are available in 7.87", 15.75", and 23.62" column heights. Available in black or silver.

Description	Height	Base	Black	Silver
RetailSystem base 200	7.87"	Drilling Screw	851+2005+000	851+2009+000
RetailSystem base 400	15.75"	Drilling Screw	851+4005+000	851+4009+000
RetailSystem base 600	23.62"	Drilling Screw	851+6005+000	851+6009+000



NOVUS RetailSystem arms

Support arm for attaching a monitor or retail display. RetailSystem arms are easy to adjust vertically along the base column, as well as distance to the customer. Arms are easily moveable when display sharing is needed. Available in black or silver.
VESA 75/100 standard.
