Available in Formats and Dispensing Systems to Meet All Needs

This full range of options helps ensure control of pathogens and good skin health in even the most demanding environments.

The Science Behind PURELL® Advanced Instant Hand Sanitizer

PURELL Advanced Instant Hand Sanitizer is a scientific breakthrough based on strengthening the power of alcohol so it can penetrate the cell membrane more effectively, maximizing its destructive power.

At the same time, these formulations enhance the skin of even the most frequent users. PURELL Advanced formulations have greater bacteria killing power and are more effective with repeated use.

Greater Germ Killing Power In vivo efficacy data⁵ (2 mL application)

*All ethanol concentrations are reported as v/v in this chart, however the products which are asterisked report ethanol concentration as w/w on label.
