Warranty and Limited Remedy:

3M warrants that 3M products are free of defects in materials and manufacture at the time of shipment. Individual products may have additional or different warranties as stated on product packaging, package inserts, price pages or literature. Unless stated otherwise if any product is defective in material or manufacture during the applicable warranty period, 3M's entire liability and purchaser's exclusive remedy will be, at 3M's option, either 1) replacement of product or 2) refund of the purchase price paid for each defective product, within a reasonable time after written notification of the defect and return of the defect and return of the defective product to 3M. THE WARRANTY STATED ABOVE IS MADE IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTY OF MERCHANTABILITY, THE IMPLIED WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, ANY IMPLIED WARRANTY ARISING OUT OF A COURSE OF DEALING OR OF PERFORMANCE, CUSTOM OR USAGE OF TRADE.

Limitation of Liability:

Each 3M product is sold subject to the limitation that 3M will not be liable for any loss or damage arising from the 3M product, whether direct, indirect, special, incidental or consequential, regardless of the legal theory asserted, including warranty, contract, negligence or strict liability.

3M™ Dirt Trap Protection System

Traps dirt
 Protects profits

Improve Paint Department Productivity

- Capture Dirt and Overspray
- Reduce Paint Booth Maintenance
- Protect Your Investment

3M™ Dirt Trap Protection System

3M™ Dirt Trap Protection Material

A specially engineered adhesive-backed white material designed to:

- Protect paint booth walls and floors
- Trap dust, dirt and overspray
- Brighten work areas

3M™ Dirt Trap Protection Film

Adhesive-backed clear film protects lights and windows from overspray buildup

- No more scraping and cleaning ... simply peel off and re-apply

Put more work through your paint department

Increase paint booth productivity

Increase paint booth utilization by reducing daily and periodic maintenance.

Save finishing time and increase customer satisfaction

When airborne contaminants settle on your freshly painted surfaces, it creates an extra step to prepare the finish to meet your customer's expectations.

This additional time could be spent on another job and improve your throughput.

Protect Your Investment

Your paint booth is one of the largest investments in your shop. Keeping this asset in top working condition is a never-ending task. Cleaning, scraping, re-painting takes away from valuable production time. Repeated washing introduces moisture,

which promotes premature rust and corrosion. The 3M Dirt Trap Protection System minimizes booth downtime and helps keep this valuable piece of equipment in top working condition.

Great for waterborne paint systems

Whether you are spraying waterborne today or considering it in the future, this change introduces new considerations for your painting environment.

Waterborne paint systems require more airflow to accelerate dry time. This increased airflow could mean more airborne dust and dirt.

3M Dirt Trap Protection Material helps trap these airborne contaminants and keep them away from your paint job.

Trap the dirt and reduce your buffing.

Better Protection through Science and Technology

Proprietary adhesive-backed, non-woven material.

Buildup of trapped dust, dirt and overspray.

How to get started:

- 1 Clean and Prepare Booth. Remove loose dirt and overspray. Apply material to clean, smooth, dry surface.
- 2 Install 3M Dirt Trap Protection Material on walls from bottom up.
- 3 Install 3M Dirt Trap Protection Material on floor.
- 4 Install 3M Dirt Trap Protection Film on windows and lights.

Traps dirt. Protects profits.
