

PATIO HEATER COVER

Save this guide for future reference.

INSTALLATION

! WARNING: When covering any outdoor appliance, ensure it is completely cool before covering it.

Check the heater to ensure there are no sharp objects or corners that could stress the cover as it is pulled over the unit.

Open the cover by unzipping the cover all the way to the top. Use a step ladder, if necessary, to carefully slip the cover over the top of the heater. Zip the cover closed, all the way to the bottom.

GENERAL USE & CARE

- **SAFE USE:** Ensure the heater is completely cool before using this cover.
- **SUN EXPOSURE:** Although this cover is fade-resistant, all fabrics will eventually fade and degrade from sun exposure. Maintain the color and integrity of the cover by limiting exposure to direct sunlight.
- **CLEANING:** Clean often to maintain the quality and integrity of the fabric.
- **STORAGE:** Ensure the cover is completely dry before storing to prevent mold and mildew growth.

! WARNING: Do not operate any outdoor appliance or machine with the cover on.
The cover is not fire-resistant. Keep away from open flames.

CLEANING

 **HAND-WASH ONLY**  **DO NOT USE BLEACH**  **DO NOT IRON**  **DO NOT TUMBLE DRY**

Spot clean with a soft-bristle brush and lukewarm water. **DO NOT USE SOAP OR DETERGENT** as it may damage the protective coatings added by the factory.

Air-dry only.

Do not pack away wet.

Any modification to the product or failure to follow recommended care will void the product warranty.

! WARNING!

Manufacturer and seller expressly disclaim any and all liability from personal injury, property damage or loss, whether direct or indirect, or incidental, resulting from the incorrect attachment, improper use, inadequate maintenance, or neglect of this product.
