## 26 Gallon Tortilla Chip Warmer

Model: 51026

This easy to use chip warmer will hold up to 26 gallons of chips and maintain them at an ideal serving temperature. With its all stainless steel construction and easy access holding compartment, it is a breeze to clean and maintain. The digital temperature indicator and adjustable thermostat ensure that the chips are always served at the proper temperature. This warmer utilizes convection heating with a circulating fan to make sure that all of the product gets heated evenly with a range from 90-180 degrees F. The 4" legs make it easy to clean under the unit while the double hinged loading doors make it simple to add chips.

### Standard Features

- ◆ Large 26 gallon (98L) capacity
- ◆ Insulated stainless steel construction
