CAUTION — TIPS FOR REMOVAL OF OLD FAUCET:

Always turn water supply OFF before removing existing faucet or disassembling the valve. Open faucet handle to relieve water pressure and ensure that complete water shut-off has been accomplished.

ATTENTION — CONSEILS POUR LE RETRAIT DE L'ANCIEN ROBINET:

Toujours couper l'alimentation en eau avant de retirer ou de démonter le robinet. Ouvrir le robinet pour libérer la pression d'eau et pour s'assurer que l'alimentation en eau a bien été coupée.
