

# Accordion-Fold Snowflake Ornaments

For best results, start with clean dry hands.  
Cover your work area.

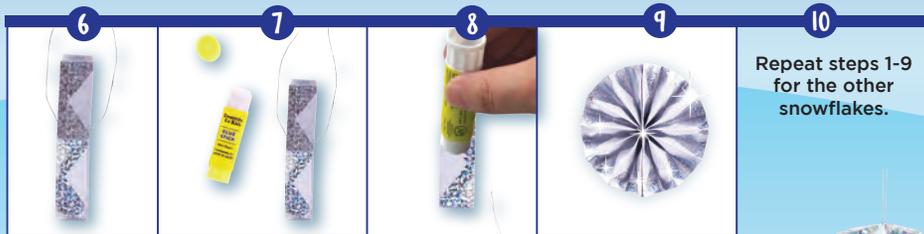

1  
Fold in half lengthwise, then unfold.

2  
Start with the shiny side face down. Fold the bottom up to the first dotted line.

3  
Turn sheet over and fold again so points match up.

4  
Turn over and fold to the next dotted line. Repeat steps 2 & 3 until completely folded.

5  
Fold in half one way. Unfold, then fold in half the other way.

6  
Center and wrap string around the middle fold line, then tie in a knot.

7  
Cover 1 edge of the folded paper with the glue stick and press to the other side. Hold until the glue is secure.

8  
Repeat on the other side.

9  
You now have a folded snowflake!

10  
Tie the ends of the string in another knot near the ends.

Repeat steps 1-9 for the other snowflakes.

Place one end of the string on one side of the folded paper. Place the other end of the string on the other side.

Use them to decorate your tree, presents or hang them in a window.

# SNOWFLAKE ORNAMENTS

Create 3 Large Snowflakes & 5 Foil Snowflakes

## Getting Started:

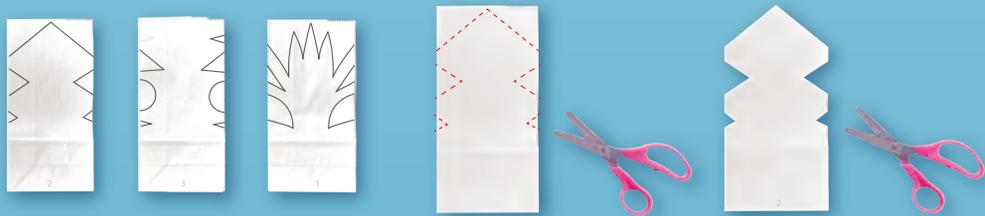

You will need scissors to complete this activity. Younger children may need assistance.

Decorate your home and tree with this family friendly craft. Use the tags included to share your handmade gift with someone special.

# Paper Bag Snowflakes

## Cut

- Separate the bags by number into 3 piles. You should have 9 of each design.
- Working on one design at a time, carefully cut along the pre-printed lines.

## Assemble

- Cut the silver cord into 6 inch pieces. Tie the ends together to create a loop as shown
- Glue the knotted end onto the top side of the snowflake (the loop should be facing out for hanging)
- Add glue onto one side of the snowflake.
- Open your snowflake like a fan, sticking each side together. Press the sides together to secure, adding more glue as needed.

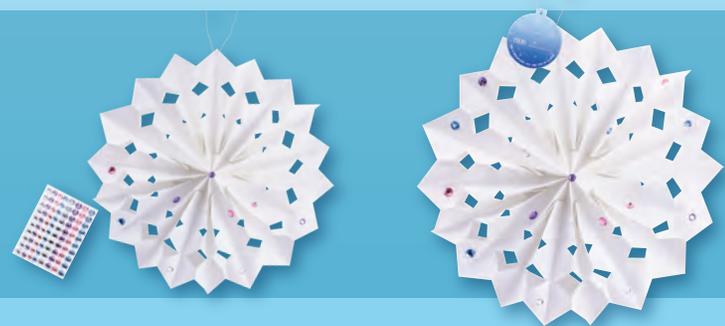

## Glue

- With the bottom folded side of the bag facing up, place the glue as shown (do not place glue in any other areas)
- Continue to glue and stack each bag, lining them up as you go.

## Embellish

- Use the rhinestones to decorate both sides of the snowflake.
- If you are giving them as gifts, fill out the gift tag and attach to the hanging cord.

When you are finished hang them on your tree, in a window or give them to someone special!
