

ADULT USCG APPROVED TYPE 1 - LIFE VEST (MV8100)

ADULT USCG APPROVED REVERSABLE TYPE 1 LIFE VEST

The USCG approved MV8100 Adult Life Vest Type 1 Life vest provides 22 lbs. (98 Newtons) of buoyancy. The MV8100 incorporates a reversible design allowing quick on and off, while added SOLAS-grade reflective strips improve visibility, simplifying search and rescue efforts. Heavy-duty stainless-steel hardware and streamlined contouring ensure durability while making this PFD easy to stack and store.
