

Geometry

Contents

Lesson 1 Left and Right	140
Objective: Identify <i>left</i> and <i>right</i> .	
Manipulative: Color Tiles, Attribute Sorting Circles	
Lesson 2 Top, Middle, and Bottom	144
Objective: Identify the positions <i>top</i> , <i>middle</i> , and <i>bottom</i> .	
Manipulative: Snap Cubes®	
Lesson 3 Positions in a Line	148
Objective: Identify the positions <i>in front</i> , <i>behind</i> , and <i>between</i> .	
Manipulative: 1" Color Cubes	
Lesson 4 Relative Locations	152
Objective: Identify the positions <i>on</i> , <i>above</i> , and <i>below</i> .	
Manipulative: 1" Color Cubes	
Lesson 5 Inside and Outside	156
Objective: Identify the positions <i>inside</i> and <i>outside</i> .	
Manipulative: Attribute Blocks, Attribute Sorting Circles	
Lesson 6 Before and After	160
Objective: Use language such as <i>before</i> or <i>after</i> to describe relative position in a sequence of events or objects.	
Manipulative: CountEN® Sorting Tray, Classifying Counters	
Lesson 7 Plane Shapes and Real-Life Objects	164
Objective: Identify circles, squares, rectangles, and triangles and compare them to real-life objects.	
Manipulative: Attribute Blocks, Attribute Sorting Circles	
Lesson 8 Geometric Pictures and Designs	168
Objective: Identify and use shapes to create pictures.	
Manipulative: Attribute Blocks	
Lesson 9 Attributes of Plane Shapes	172
Objective: Explore attributes of plane shapes.	
Manipulative: Attribute Blocks	
Lesson 10 Cubes and Spheres	176
Objective: Identify attributes of cubes and spheres.	
Manipulative: 1" Color Cubes	
Lesson 11 Exploring Shape Attributes	180
Objective: Explore shape attributes and spatial sense.	
Manipulative: Attribute Blocks, Three Bear Family® Counters	
Lesson 12 Shape Attributes Riddles	184
Objective: Use shape attributes and spatial sense to solve shape riddles.	
Manipulative: Attribute Blocks
