2019

Cascade Pinot Noir

Our 2019 Cascade Pinot Noir is a lot to take in with aromatics, mouthfeel, texture and flavors painfully *beautiful juxtapositions of one another.*

With a mild, slightly warm start to the 2019 growing season, bloom occurred June 7th followed by a good fruit set. Rains began in late June and continued into July. August provided a break with warm sunny days. September arrived with cooler temperatures and more rain. Cool wet weather continued into October. This cooler harvest allowed fully ripe fruit at 21 brix and a perfect amount of acid.

OUR VINEYARD

Nestled in the eastern foothills of Oregon's Coastal Range, on the wild western edge of the Yamhill-Carlton AVA, the range's peaks to the west and south buffer maritime winds and rain from the Pacific Ocean, creating a more temperate growing season distinct from neighboring vineyard sites. Planted in 2005-2006 to Pinot Noir and Chardonnay Dijon clones, the 194-acre vineyard perches in thin marine sedimentary soils, and diversity of block exposures and elevation offer a diverse palette for our farming and winemaking team.

VOLUPTUOUS VELVET DRAPES

Stuck in the middle of a perfectly
made croissant of epic proportions.

Gran Moraine wines shine a light on the monologue of the Gran Moraine Vineyard, lifting its voice and vibrant energy through a signature style of elegance and restraint, with a fresh through-line of acidity. A style that has established the winery as a leader in the Willamette Valley.
