TL381L

PRODUCT DESCRIPTION

The classic, simple appearance of the Integral Driver LED Cylinder fixture offers a fresh take on traditional aesthetic. The subtle elegance is carried through the entire design producing an understated charm. The Trac 12 13W LED Cylinder spotlight approximates the light output and distribution of 75W MR16 halogen lamps, utilizing less than 1/5 of the energy and having a rated life of 50,000 hours. It is available in 2700K, 3000K, 3500K and 4000K color temperatures with a minimum 80 CRI. An optional high CRI version is available in 2700K or 3000K with a minimum 90 CRI. The white-light LED Cylinder is compatible with standard Trac 12 and Trac 12/25 trac, operating with 12V AC power. The TL381L can be placed anywhere along the Trac, and the trac can be cut-to-length during installation, making it an economical and flexible accent lighting choice. Its integral, bayonet-mounted accessory holder accommodates one accessory if desired.

PRODUCT SPECIFICATIONS

LED Single high performance LED array provides outstanding reliability, performance and color quality/consistency • 2700K, 3000K, 3500K or 4000K white phosphor high performance LEDs • Chromaticity range within a 2-step MacAdam Ellipse • Minimum 80 CRI on standard versions • Optional high CRI 2700K or 3000K versions offer 90 CRI minimum.

Driver Concealed in rear of fixture housing to minimize overall fixture footprint • Requires 12VAC LED-compatible power source (order separately – see Transformers/Monopoints).

Optics Interchangeable computer-designed custom TIR optics available in three factory-configured beam spreads • One TIR optic provided with fixture (as specified in catalog number) • Accessory optics available to enable beam changes in the field • Beam patterns can also be altered as desired using a variety of available light control accessories.

Accessory Holder Integral to fixture design • Die cast aluminum construction • Precision bayonet mounting • Accommodates one accessory if desired.

Construction Die cast aluminum housing provides outstanding thermal management of LED, yielding 70% average lumen maintenance at 50,000 hours of operation • Fashionable, elegant design complements any decor • Available in white, black and silver painted finishes.

Aiming 90° vertical aiming capability and 360° horizontal coverage.

DIMENSIONS

Electrical Contacts Beryllium copper.

Transformers/Drivers Compatible with all Juno 12VAC transformers and Trac 12 Monopoints designated as LED-compatible – refer to transformer specification sheets for details.

Dimming May be dimmed with dimmers tested and qualified by Juno for use with the non-resistive TL381L Series load – see transformer/driver specifications for compatible dimmers • Color temperature remains constant over dimming range • Consult factory for additional information.

Buy American This product is assembled in the USA and meets the Buy America(n) government procurement requirements under FARS, DFARS and DOT. Please refer to www.acuitybrands.com/buy-american for additional information.

Warranty 5-year limited warranty. This is the only warranty provided and no other statements in this specification sheet create any warranty of any kind. All other express and implied warranties are disclaimed. Complete warranty terms located at: www.acuitybrands.com/support/customer-support/terms-and-conditions.

Labels UL/cUL listed for use with Trac 12 and Trac 12/25 trac • Union made • Assembled in U.S.A.

Specifications subject to change without notice.

CBCP • Centerbeam candlepower
FC • Footcandles at beam center (aim point)

In vertical aiming applications, aim point (X) is determined by dividing distance from the wall (D) by the tangent of the desired aim angle (A) (0.5774 for 30°, 1.0 for 45°, 1.732 for 60°).

¹Performance data, including Rated Life, is based on measurements of an individual fixture operating in a 25 °C ambient. In practice, multiple fixtures used in a system will average slightly lower power consumption due to voltage drop within the system.
Note: For operation at 11.5 volts multiply Lumens by 0.94.

Fixture	Beam Type	Beam Spread	Rated Life	CBCP	0°			30°			45°			60°
