- Passive in-wall subwoofer
- Paintable grille
- Excellent for music, theater systems

IW 1060 SW

The IW 1060 SW is an in-wall passive subwoofer that provides remarkable bass enhancement and accurate reproduction of deep bass notes, without demanding a dominating presence in the room. The IW 1060 SW design features a 10-inch woofer for accurate reproduction of the deepest bass notes and a crossover that directs higher frequencies to the satellites for box-speaker sound and performance.

The IW 1060 SW provides extra boost in a high-quality music or home theater system without the need for a visible subwoofer. The IW 1060 SW's accurate bass sound and precise performance is sure to make an indelible impact.
