Warranty

LIMITATIONS

All components are warranted by the manufacturer for a period of 30 days after the date of purchase by the original owner against defects in materials & workmanship under normal use. If it is appropriate to replace your product due to specific defects, the manufacturer will replace the purchase with the same product or a comparable product.

GENERAL TERMS & CONDITIONS

1. Proof of purchase is required to request a claim under this warranty.
2. This warranty applies only to manufacturer errors & defects. The warranty applies to the following:
 - a. Breaks and cracks in the product that originated with the manufacturer
 - b. Missing pieces
 - c. Stains that occurred during the manufacturing process
3. This warranty does not apply to the following:
 - a. Damage due to improper loading, handling, or transportation
 - b. Any costs associated with the installation and removal of products or parts subject to this warranty
 - c. Acts of God
 - d. Products which have been subject to negligence, abuse, accident, misapplication, tampering, alteration, or modification
 - e. Products which have been subject to improper installation, operation, maintenance, repair, or storage
 - f. Products which have been subject to defects that occur when this product is used incorrectly and/or outside of normal application purposes
 - g. Products which have had, including but not limited to, operational failures caused by corrosion, rust, or other foreign materials in the system, or operation at pressures in excess of recommended maximums
 - h. All other possible defects not mentioned here that would not have occurred during manufacturing or during correct, routine use of the item

INSTRUCTIONS

For specific instructions on how to obtain warranty service for your product, please contact Customer Service using the contact information provided. In most circumstances, you will need to return your product either in its original packaging or in equally protective packaging to the address specified by Customer Service.

Before delivering your product for warranty service, it is your responsibility to remove all personal items and belongings you may have stored in your product. Teamson is not responsible for the possible loss, destruction, or damage of any personal items or belongings that have been sent alongside the product.

DISCLAIMER

Any oral statements made about the product by the seller, the manufacturer, the representatives, or any other parties do not constitute warranties, should not be relied upon by the user, and are not part of the contract for sale. The sellers and manufacturers only obligation, and buyers only remedy shall be for the manufacturer to either replace and /or repair at the manufacturers sole discretion, the product as described above. Neither seller nor the manufacturer shall be liable for any injury, loss or damages for lost profits, lost sales, injury to person or property, or any other incidental or consequential loss arising from any cause whatsoever, no matter whether based upon warranty, contract, negligence or other misuse, and the buyer and user agree that no other remedy shall be available to them. Before using, the buyer and user shall determine the suitability of the product for intended use, and assume all risk and liability whatsoever in connection therewith. The warranty and remedy described in this limited warranty is an exclusive warranty and remedy in lieu of any other warranty or remedy expressed or implied. All other warranties and remedies are hereby expressly excluded, including but not limited to any implied warranty of merchantability of fitness for any particular purpose.

OTHER LEGAL RIGHTS

This warranty gives the buyer and user specific legal rights, and buyer and user may also have other rights which vary from state to state. Some states do not allow exclusions or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you.

Introduction for Solar Light

Solar lights work by using electricity generated by the solar panel to charge internal batteries. These batteries are then used to power the light. When switched on the lights automatically illuminate at night by using a light sensor. The duration of illumination will depend on the amount of sunlight and therefore change received by the batteries.

POSITION

Position the solar panel to receive the maximum amount of sunlight.

Do not position under bright light as this will prevent the light switching on at night.

FIRST USE

Whilst there may be some initial charge in the battery, we recommend fully charging it before first use. Leave the switch in the "ON" position for 2 sunny days to ensure the battery is fully charged. Once fully charged switch to "ON" and your light will come on automatically at night.

NOTE: The diagrams shown are for illustrative purposes only and not to scale.

INSTRUCTIONS: Turn solar unit on by pressing the power button located on the switch panel. Place the product in direct sunlight. For better performance, make sure solar panel have been fully charged in direct sunlight for approximately 8-10 hours.

WARNING: AAA NI-MH 450MAH, 1.2V rechargeable battery. Battery must be recycled or disposed of properly. Do not dispose of batteries in fire. They may explore or leak, LED light: 3.0V.

Battery

Rechargeable batteries allow multiple usage and can be charged repeatedly. Although they lose capacity as the number of charge cycles increases even without mistreatment. It is recommended to switch the battery on for 2 days exposed to direct sunlight until it's fully charged. If the battery still does not charge, it may be replaced within 90 days of the purchase date.

CHANGE BATTERY
