# The Hillyard Advantage

Hillyard is your source for environmentally preferable quality paper products and dispensing systems. You can choose from our Green Select Premium, Green Select Preferred or Green Select Choice towel and tissue products.

Consumers are seeking ways to minimize their impact on the environment by choosing green products and solutions. Many property managers and governments (federal, state, county and municipal) have mandates or policies to be green and are seeking to incorporate environmental considerations in their buying decisions. Simply stated, they want a healthier environment for their tenants, citizens, and employees.

Certified Hillyard Green Select products can help your customers in achieving green status. A complete line of towel and tissue products is available including roll and folded towels as well as bath and facial tissue to satisfy any facility's needs.

Hillyard offers Green Select Choice 100% recycled towels and tissue and high-quality paper products, using innovative papermaking technology, that deliver exceptional performance and support sustainability in its Green Select Premium and Green Select Preferred towel products. Offering sustainable solutions without sacrificing quality or performance - that's the Hillyard advantage!

Green Seal™ is an independent, non-profit organization dedicated to safeguarding the environment and transforming the marketplace by promoting the manufacture, purchase, and use of environmentally responsible products and services. Green Seal™ is a trademark of Green Seal, Inc. in Washington, DC. Used by permission. [www.greenseal.org](http://www.greenseal.org)

ECOLOGO® certified products, services and packaging are certified for reduced environmental impact. ECOLOGO certifications are voluntary, multi-attribute, lifecycle-based environmental certifications that indicate a product has undergone rigorous scientific testing, exhaustive auditing, or both to prove its compliance with stringent, third-party environmental performance standards.

Forest Stewardship Council® (FSC®) certification ensures that products come from responsibly managed forests that provide environmental, social and economic benefits. [fsc.org](http://fsc.org).

# Hillyard Green Select® Paper Products

## Hillyard Green Select: An Environmental Necessity

Hillyard Green Select is a complete line of towel and tissue products designed for the environmentally conscious consumer. Green Select Choice products meet or exceed EPA guidelines for post-consumer waste content and the majority are either Green Seal™ and/or ECOLOGO® certified, which means they satisfy procurement criteria for government funded organizations that are enforced by state and federal law. Most high-quality Green Select Premium and Green Select Preferred products are FSC certified ensuring that fiber for these products comes from responsibly managed forests that provide environmental, social and economic benefits.

**Combine Green Select Premium, Green Select Preferred and Green Select Choice controlled roll towels and bath tissue with Hillyard dispensers to acquire added value and benefits such as usage control, waste reduction, and cost savings.**

Hillyard Green Select Premium roll towels offer the pinnacle of quality in toweling. Towels are brilliant white and with a unique weave pattern for a premium look and feel. Green Select Premium towels are remarkably strong, yet designed with innovative technology to provide a soft and thorough hand drying experience. These features appeal to facilities such as Class A offices, high-end lodging and healthcare properties that seek exceptional quality products with an upscale image. #PAP38006

Hillyard Green Select Preferred roll towels feature unmatched brightness. Roll towels offer the softness and strength needed to elevate your hand-drying experience. Green Select Preferred towels feature a unique weave pattern creating highly absorbent towels so fewer are needed per hand dry. Made from innovative papermaking technology, Green Select Preferred towels are available in lengths of 450, 800 and 1,000 feet. #PAP22201, #PAP22245, #PAP22285

Hillyard Green Select Choice controlled roll towels are made entirely of 100% recovered fibers. The natural and natural white grade roll towels are Green Seal-certified and exceed the EPA guidelines for post-consumer waste with a minimum of 50%. Green Select Choice white controlled roll towels contain a minimum of 40% post-consumer waste. Available in 800 and 1,000 feet. #PAP10100, #PAP10110, #PAP10180, #PAP22000

Highly soft, 100% recycled Hillyard Green Select Choice bath tissue contains a minimum of 25% post-consumer waste, which exceeds EPA guidelines. Green Select Choice controlled-use tissue features OptiCore® technology, and when combined with Hillyard coordinating dispensing systems, ensures maximum use of each roll in the dispenser before advancing to the next roll. Available high-capacity or standard OptiCore® rolls.

OptiCore® technology features a two-part core for controlled use, which reduces product waste and cost, and offers more than a 25% reduction in core material for more environmentally preferable packaging. The high sheet count offers maximum capacity and reduces maintenance time. #PAP10170, #PAP10171, #PAP10175

# Hillyard Dispensing Systems

## ELECTRONIC HAND TOWEL DISPENSERS

The Electronic Hand Towel Dispenser offers reliable dispensing to keep demanding restrooms up and running. Durable and easy to maintain, the dispenser delivers a hygienic, efficient, and seamless dispensing experience – all with a simple wave of the hand. The paper roll index allows for quick and easy loading. The dispenser's translucent cover and low battery indicator light provide at a glance service. And, an intuitive, one-touch control panel allows staff to customize dispense mode to “on demand” or “valet” and towel length to 10” or 18” to meet any facility's needs.

**PAP430190**

## HANDS-FREE ROLL TOWEL DISPENSERS

The Hands-Free Roll Towel Dispenser is an affordable solution for high-traffic areas. It's long lasting - guaranteed to run well over 360,000 hand dries\*, saving you time, money and hassle over its lifespan. Hands-Free simply works: a 10” towel is consistently available, ensuring guests one towel, every time. This also allows for usage control while helping to reduce waste and save money. The Hands-Free dispenser won't jam or break down, even after hundreds of thousands of hand dries – that's reliability you can count on.

**PAP432190**

## SMALL HANDS-FREE ROLL TOWEL DISPENSERS

The Small Hands-Free Dispenser delivers a pre-measured 11 inch towel to control usage and promote cost savings. Since there is no need to touch the dispenser, the hands-free design reduces contact with harmful bacteria and maintains hygiene. Designed to fit tight spaces previously reserved for folded towels, the Small Hands-Free provides the operational benefits of a larger roll towel dispenser in a compact and attractive design.

**PAP42619**

## ABOUT ADA COMPLIANCE

This mark indicates that the dispenser is ADA Title III compliant. Roll towel dispensers require less than 5 lbs. of force to effortlessly dispense the towel as set forth in the ADA Accessibility Guidelines. On all ADA compliant dispensers, controls and operating mechanisms are operable with one hand and do not require tight grasping, pinching, or twisting of the wrist.

\*Hand dries based on internal lab testing.

### **HIGH-CAPACITY 2-ROLL TISSUE DISPENSERS**

The High-Capacity 2-Roll Tissue Dispenser provides a high-quality alternative to coreless and mini jumbo tissue dispensers. At less than 17 inches wide, the High-Capacity 2-Roll dispenser delivers a total input capacity of 4,000 sheets – more than twice that of traditional two-roll dispensers – to extend the time between maintenance cycles and ensure continual supply. The patented OptiCore® design ensures complete use of each roll to reduce waste and optimize savings.

**PAP42719**

### **3-ROLL TISSUE DISPENSERS**

The 3-Roll Tissue Dispensing System is designed for high capacity controlled-use dispensing of OptiCore® tissue products. When one roll of tissue is used, simply turn the dial to advance to the next roll. The OptiCore® technology ensures the maximum use of each roll in the 3-Roll dispenser to save maintenance time and costs. This sleek, contemporary dispenser also features a locking cover to prevent product pilferage and waste.

**PAP42527**

### **2-ROLL TISSUE DISPENSERS**

The Side-by-Side 2-Roll Tissue Dispensing System accommodates OptiCore® tissue products for controlled-use dispensing and maximum savings in maintenance time and costs. The 2-Roll dispenser is designed for applications that require versatility and feature a locking cover to prevent product pilferage and waste.

**PAP42525**

## **Hillyard Premium Tissue**

### **HILLYARD PREMIUM CONTROLLED BATH TISSUE**

Hillyard premium controlled-use bath tissue is manufactured with a consumer-like floral embossing pattern for maximum softness and absorbency. Hillyard premium bath tissue features OptiCore® technology to ensure the maximum use of each tissue roll in the coordinating Hillyard dispensing systems for optimum savings in maintenance time and costs.
