

PH	1% 2.0 - 2.6
Non-Volatile Matter	14.5 - 15.1%

Safety

See safety datasheet (if applicable) and product label for safety information, handling and proper use.

Directions for Use

The authorized representative servicing your facility will establish a usage program suitable for your requirements.

Sour/Soft is a balanced blend of fabric softening agents and a laundry sour. Softened linens have a softer, smoother feel; towels and diapers are fluffier; clothes have fewer wrinkles requiring less ironing. It also neutralizes the alkaline detergent residues and water hardness minerals that cause iron staining and graying of fabric. Sour/Soft is industrial strength - it has proven to be very economical to use in all institutional laundries. For institutional laundry use only. Do not mix with chlorine bleach.

Features & Benefits

Controls pH

Iron control prevents graying of fabric.

Softens Fabrics for a softer, smoother feel.

Eliminates Static

Item Number & Unit of Measure

Item Number	HIL0011407
Unit of Measure	5 gal Pail

Specifications

Color	Pink
Appearance	Pink, Opaque Liquid
Fragrance	Light Floral
Formula Type	Liquid
Requires Dispenser	Yes
Dilution Ratio	0.75-1.5 OZ/35#
