Frequently Asked Questions

What's the difference between Floodlight Cam Wired Plus and Floodlight Cam Wired Pro?

Ring Floodlight Cam Wired Plus includes Live View, Two-Way Talk, Advanced Motion Detection, Customizable Motion Zones, Customizable Privacy Settings, and an easy to use app. Ring Floodlight Cam Wired Pro builds upon all these great features with a new design and advanced features including radar-powered 3D Motion Detection, Bird's Eye View, Audio+ for enhanced audio, a 110db siren, dual-band Wi-Fi and an array microphone that limits sound distortion.

Can I mount Floodlight Cam Wired Plus upside-down on a ceiling or eave?

Yes, if you have an existing junction box. Simply follow the instructions in the manual.

What privacy features are included with Floodlight Cam Wired Plus?

Floodlight Cam Wired Plus lets you create privacy zones that black out areas from your camera's field of view so they are not viewable in Live View or recorded in your videos. You can also disable motion recording, alerts, and audio in the Ring App. Plus, you can schedule your motion alerts to turn on and off whenever you typically leave your home and return.

What is Ring Protect?

Ring Protect is a comprehensive optional subscription service that lets you review, share and save every video and photo captured by your Ring Floodlight Cam Wired Plus, plus a few extra perks. To compare and learn more about Ring Protect visit <https://ring.com/protect-plans> to choose a plan that works for you.
