

FEEL RIGHT AT HOME

With powerful flushing capabilities and a residential seat size for ultimate comfort, the Flow Max RV toilets offer the best features of a household toilet with a design specifically built for your rig.

elongated ceramic bowl

round plastic bowl

POWERFUL, EFFICIENT, MESS-FREE PERFORMANCE

Hands-Free Operation

With an intuitive foot pedal, this camper toilet can be flushed without using your hands, keeping your RV bathroom free of unnecessary germs

Ceramic Bowl

The 100% ceramic bowl gives this toilet a high-quality feel while making it durable and reliable year after year

Plastic Bowl

Round, white plastic bowl and base, making it easy to carry, position, and install — perfect for fast, do-it-yourself RV upgrades or replacements

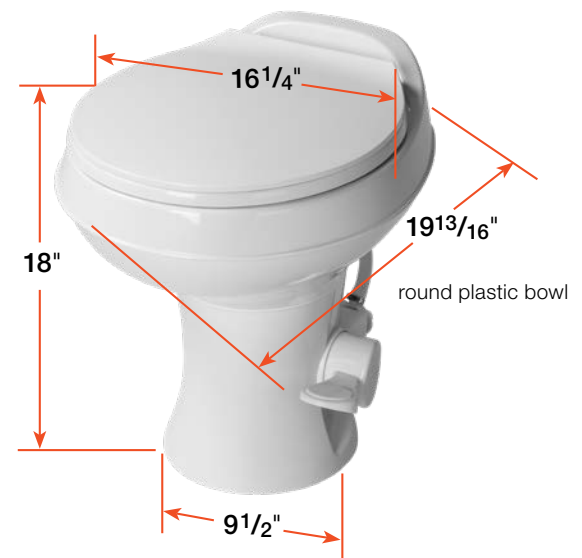

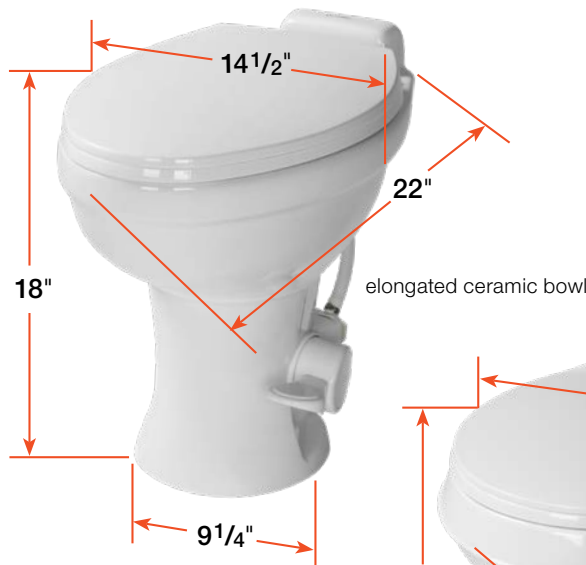

Convenient Design

Both the ceramic bowl and the plastic bowl toilets have convenient, soft-close plastic seats and lids

Additional Features

- Intuitive foot pedal flush (partial press to add water, full press to flush)
- 18" standard profile and full-size residential seat for user comfort
- Powerful and efficient flush with full bowl coverage
- Easily removable lid helps with hassle-free cleaning
- Fully enclosed rim design prevents spills
- Easy-to-maintain gravity flush system
- Easy to install
