Safety

See safety datasheet (if applicable) and product label for safety information, handling and proper use.

Directions for Use

Hil-Glo is formulated to clean and restore gloss to polishes that have been applied to resilient and hard flooring.

1. Dust mop, then spot mop, damp mop, or auto-scrub the floor.
2. Shake Hil-Glo container and apply a light mist to approximately 200 sq ft of flooring.
3. When using a standard speed floor machine (175-600 rpm), immediately buff with a red pad and when dry, follow with a white pad to increase the gloss.
4. When using high-speed equipment (1000-1500 rpm), spray an area approximately 4 ft by 60 ft and immediately buff with a high-speed buffing pad.
5. Dust mop floor after buffing.

Certifications
