# Deluxe Activity SENSORY TABLE

Scoop,  
Sort and  
Play!

## Ice Cream Shop

Sensory play provides an engaging, hands-on activity for children to explore and learn through their senses.

### CARE AND SAFETY

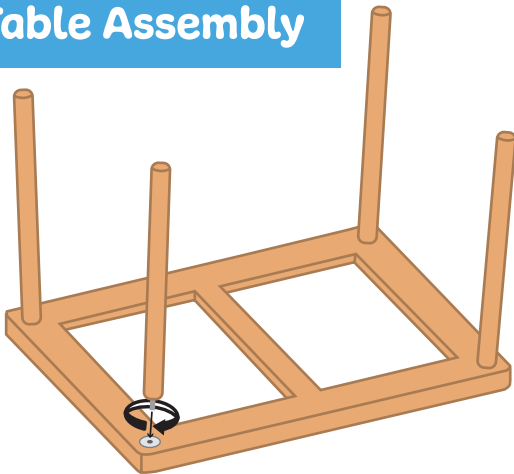

- Always supervise children during play.
- Do not allow children to climb or stand on table.
- Prolonged contact with water could damage table and play surface.
- Clean table and play surface with a damp cloth. Bins can be emptied and cleaned with soap and water.
- Sensory sand should be kept away from eyes, nose, and mouth. If contact should occur, rinse with water.
- Water and humidity will change the consistency of your sensory sand. Air-dry the sand as needed to return to its original texture or add a bit of water if it gets too dry/clumpy.
- Sensory play can get messy, so have your child wear a smock or old clothes and be prepared to clean up afterward. Teach children to clean up with you, promote responsibility, and organization.

### WARNING:

CHOKING HAZARD - Small parts.  
Not for Children under 3 years.

### Table Assembly

**Adult Assembly: No tools needed**  
Screw the 4 legs clockwise into the tabletop.

Place bins into slots. If using as a table, place tabletop pieces over bins.

### Sensory Bin Assembly

Adult supervision recommended.  
Open and arrange the sensory sand and all other items.

## Play

Now it's time to scoop, sort, and discover. Have fun learning, while engaging all your senses!

**Note to Parents** – Using the scoop and cones are a fun way for your child to practice their fine motor skills and hand-eye coordination. These skills are essential for writing, drawing, and using tools.

## Try this!

- Count the objects
- Name each color and describe the texture
- What happens when you mix sand colors? What new colors do you make?
- Close your eyes and grab an item from the bin. See if your child can identify it using their sense of touch.
- Memory game: Parents – remove an item from the bin. Have your child guess what is missing.

## More ways to use

- Store craft supplies, toys, blocks, and more
- The tabletop can be used for a variety of craft and play activities.
- For a quick sensory refresh, look for more sensory bins and kits at [www.Creativityforkids.com](http://www.Creativityforkids.com)
