Use power tools with caution

You can cause cracking or damage to the material and easily strip the hardware. If you choose to use a power tool, your product will no longer be covered under Walker Edison's warranty.

WE Parts List

Part Number	Description	Quantity
1	Top panel	1
2	Bottom panel	1
3	Leg frame	4

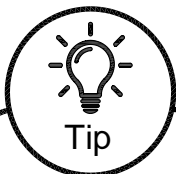

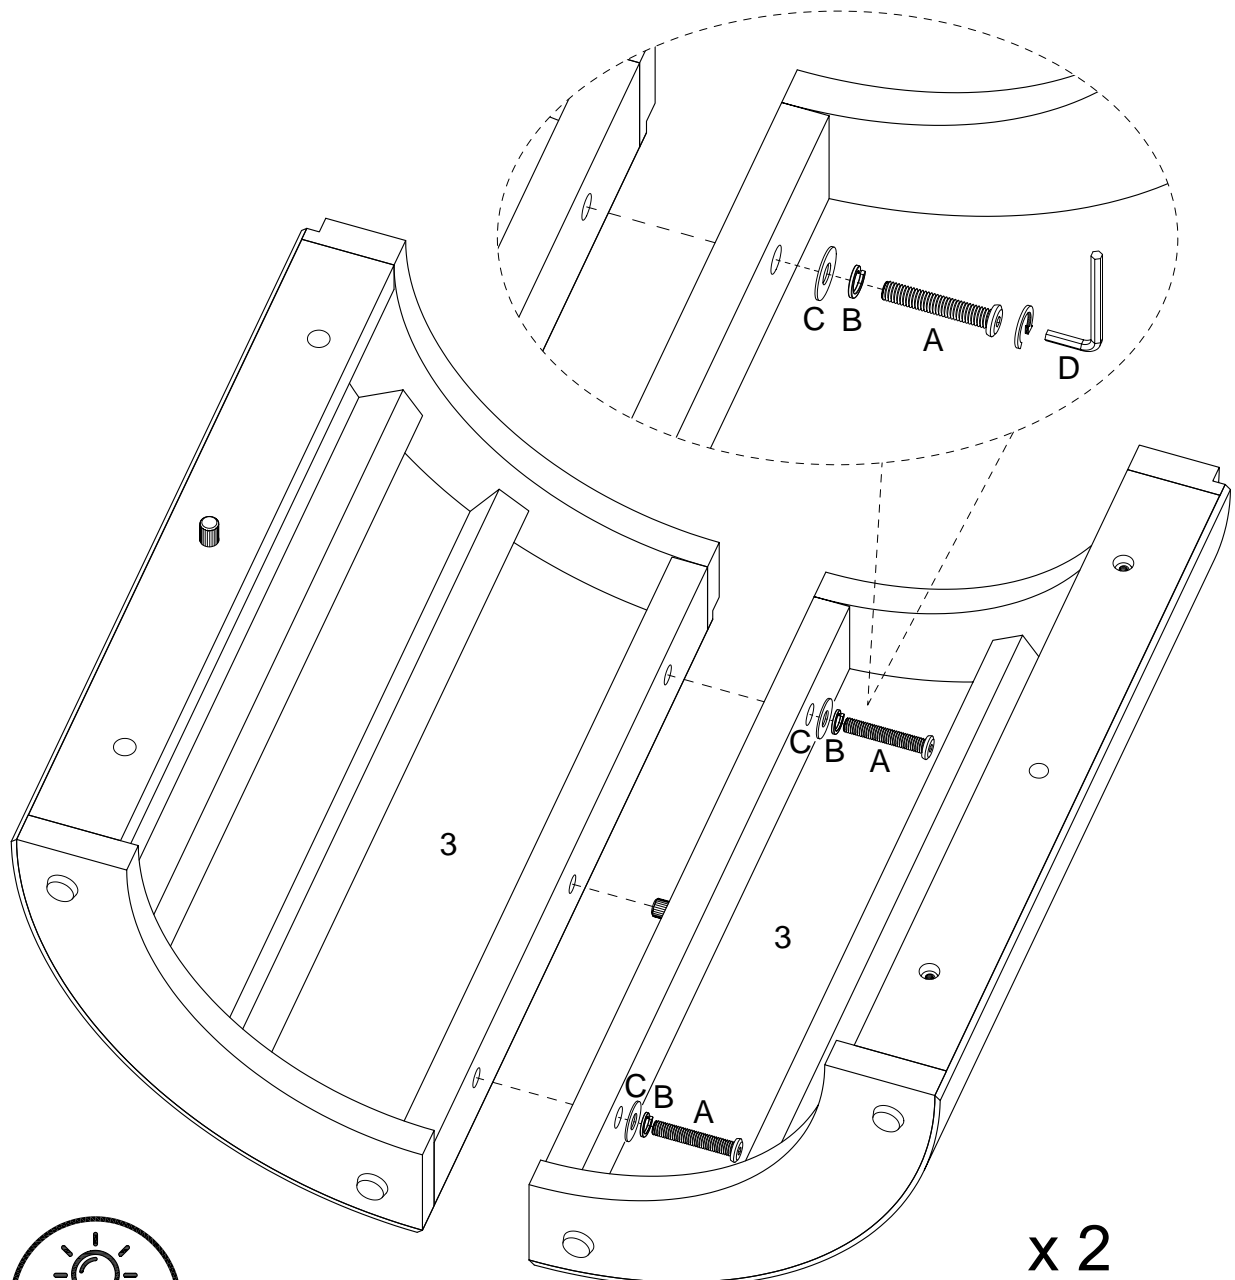

Hardware List

	Part	Size	Name	Quantity
A		5/16"x45mm	Bolt	8
B		5/16"x13x1.5mm	Spring washer	8
C		5/16"x22x1mm	Washer	8
D		M4	Hex key	1

The hardware quantities listed above are required for proper assembly.
Extra hardware pieces may be included.

Step 1

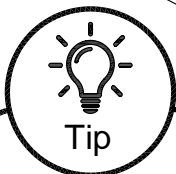

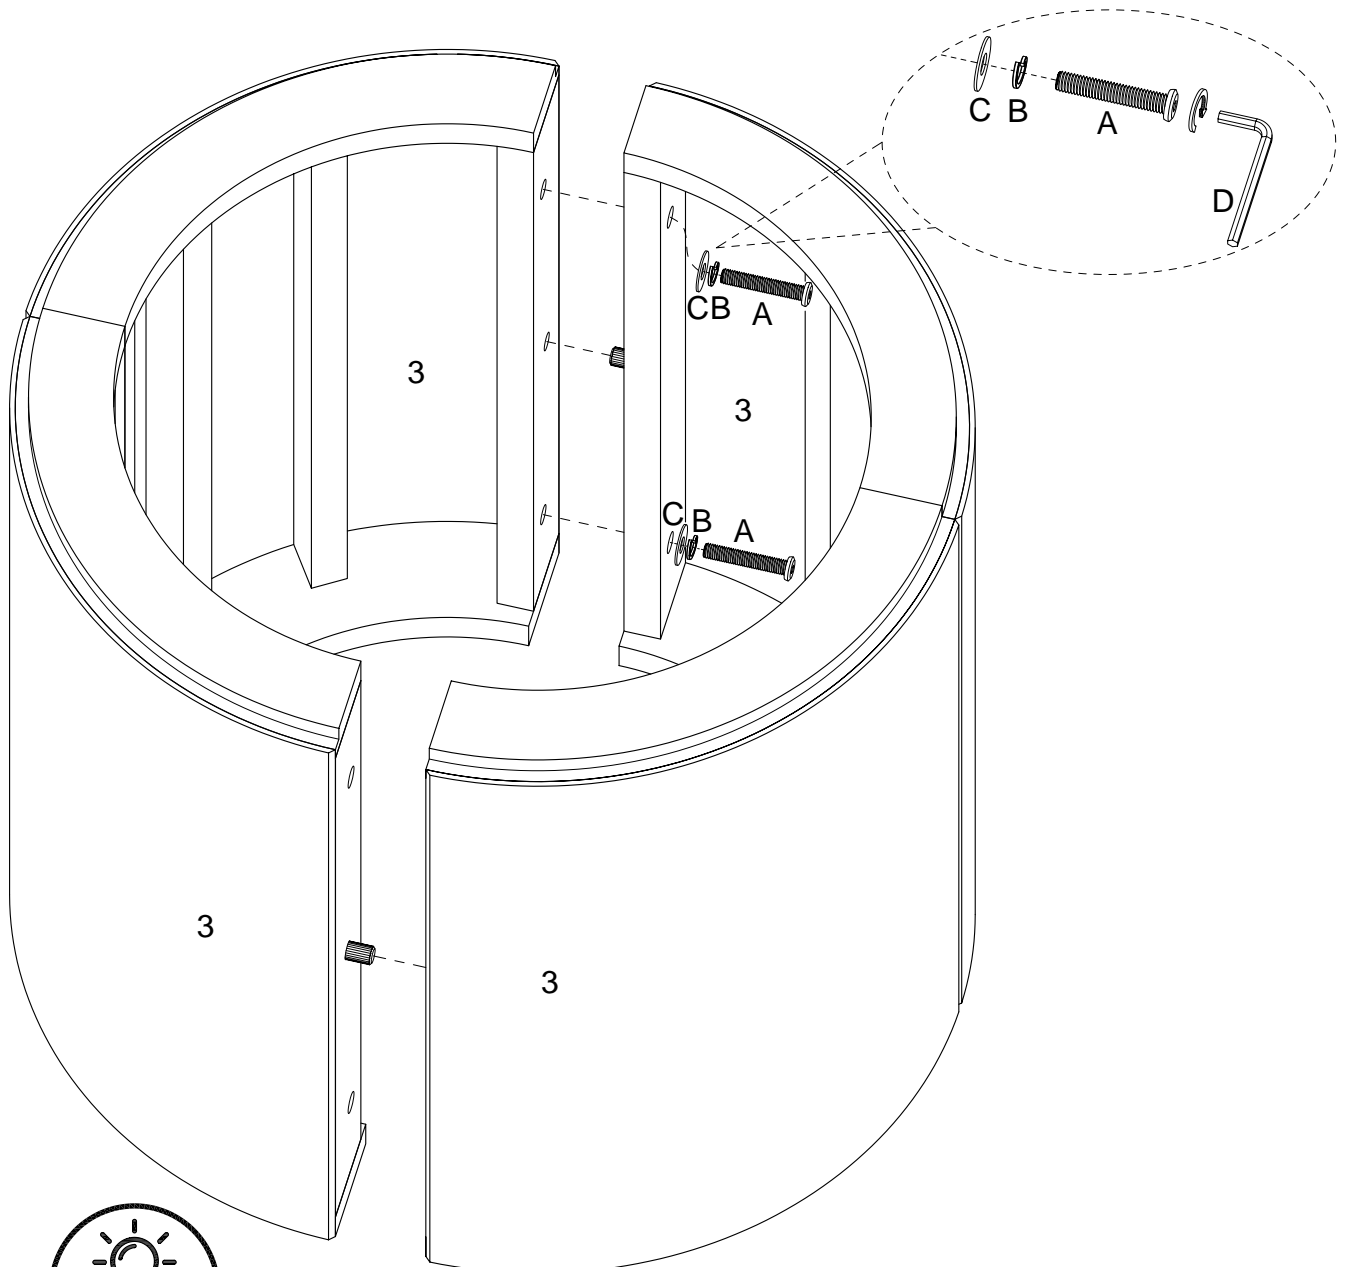

Let's get started! Grab two Leg Frame (3) pieces and connect them using the Washer (C), Spring Washer (B), and Bolts (A). Secure everything with the hex key (E) and tighten it up. Do the same with the other two Leg Frame (3) pieces.

Do not tighten bolts / screws completely until all bolts / screws are lined up and inserted into holes. Tighten only to 75% for now.

Step 2

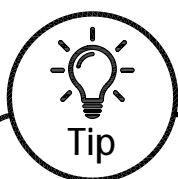

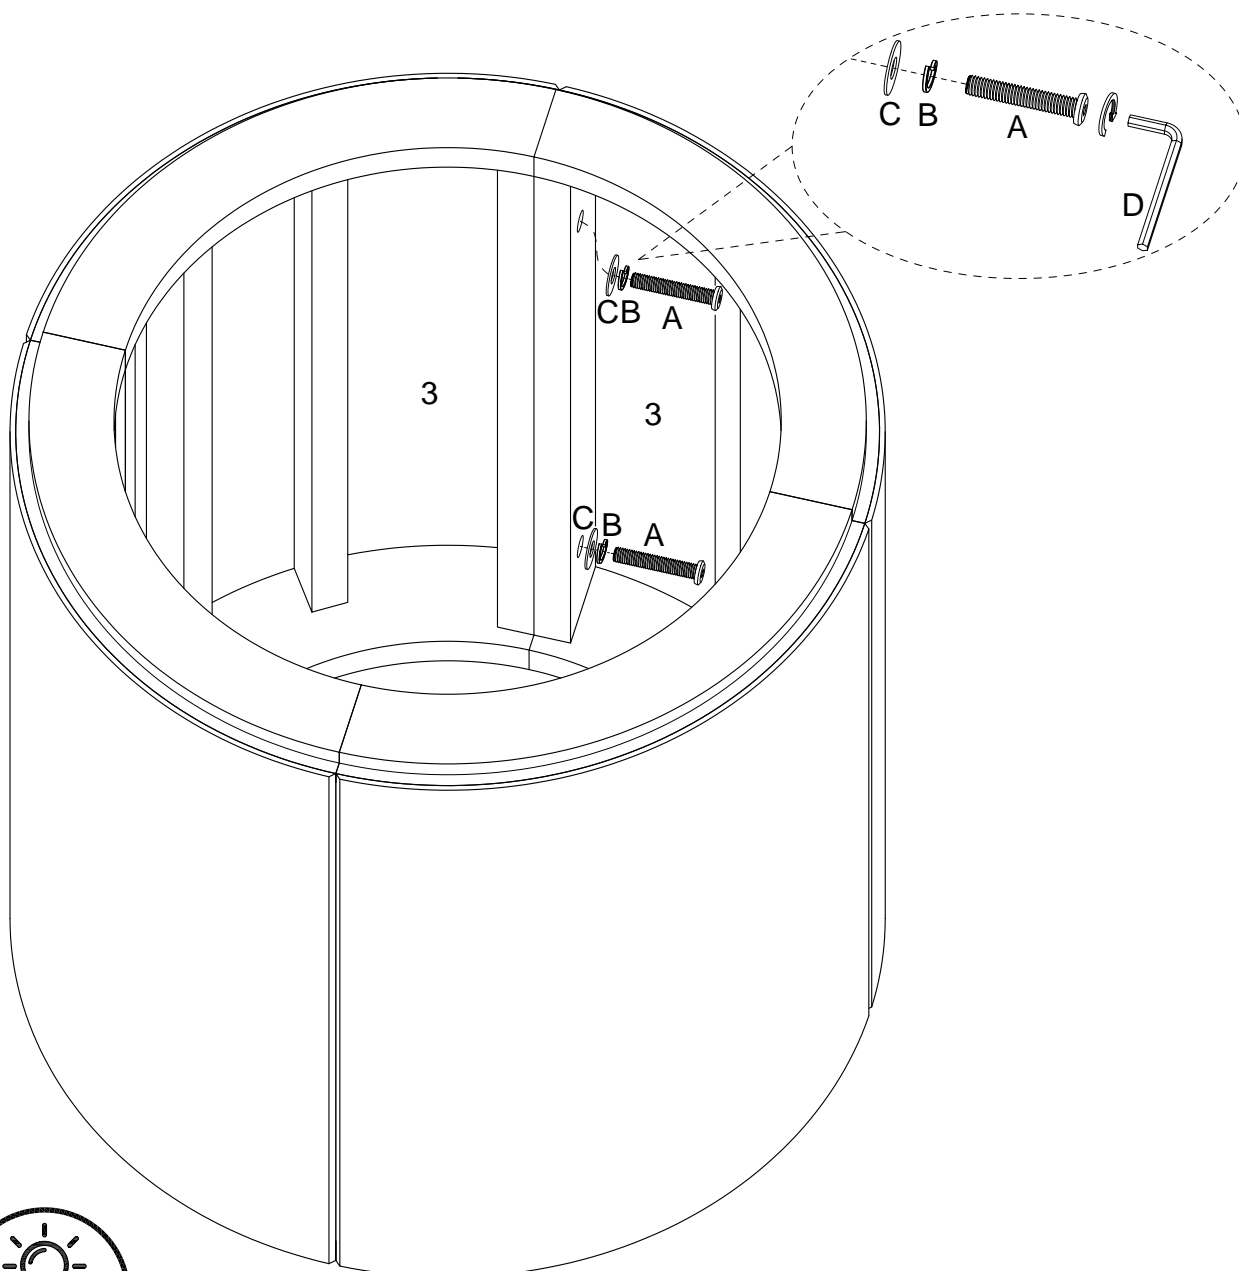

Time to bring it all together! Join both halves using the same Washer (C), Spring Washer (B), and Bolts (A). Tighten everything up with the hex key (D).

Do not tighten bolts / screws completely until all bolts / screws are lined up and inserted into holes. Tighten only to 75% for now.

Step 3

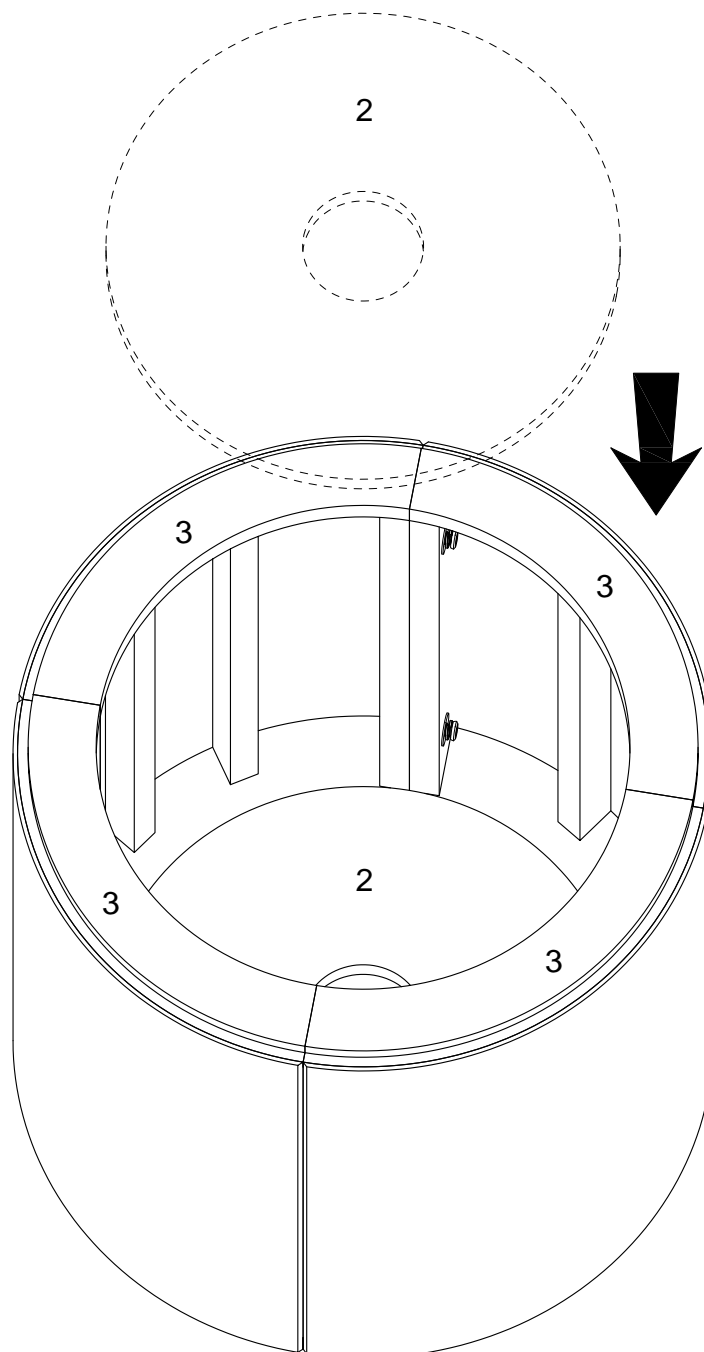

Give everything a final adjustment and tighten all the bolts completely.

Carefully flip the table over on a flat surface and make sure the legs are touching the ground evenly before tightening everything to 100%

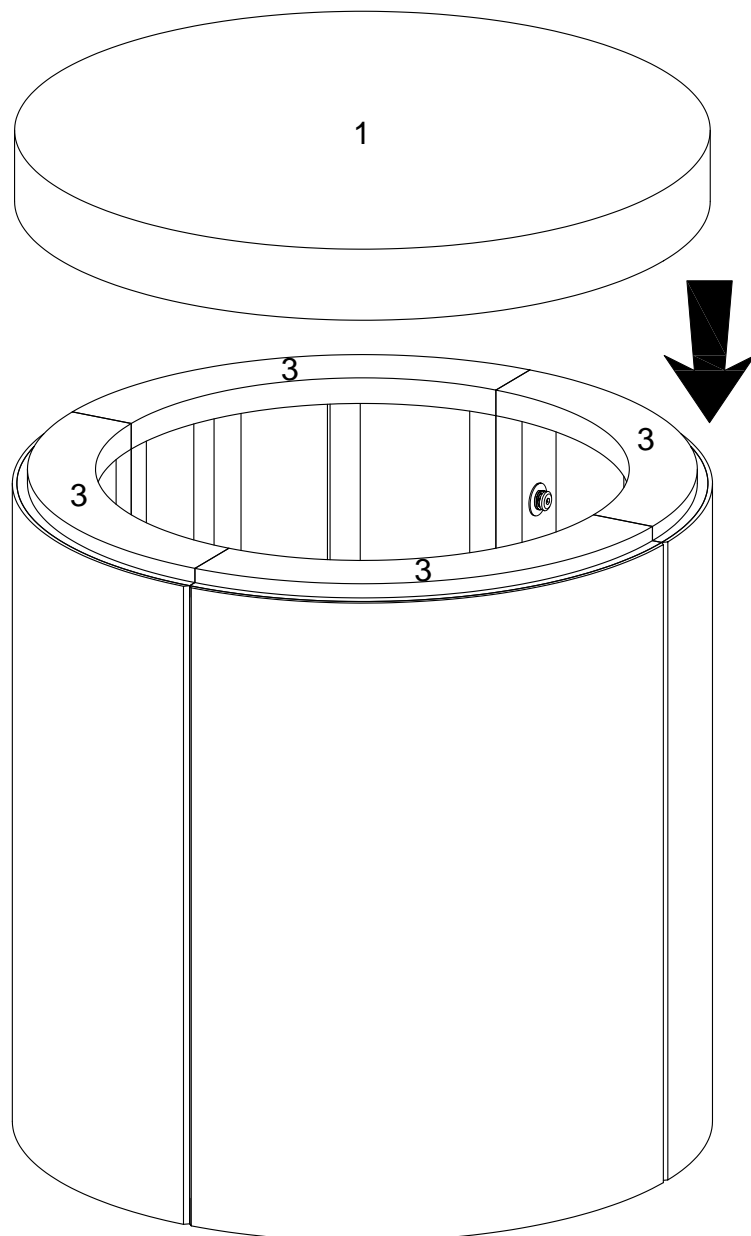

Step 4

Drop in the Bottom Panel (2). Just place them in the middle of the table—easy!

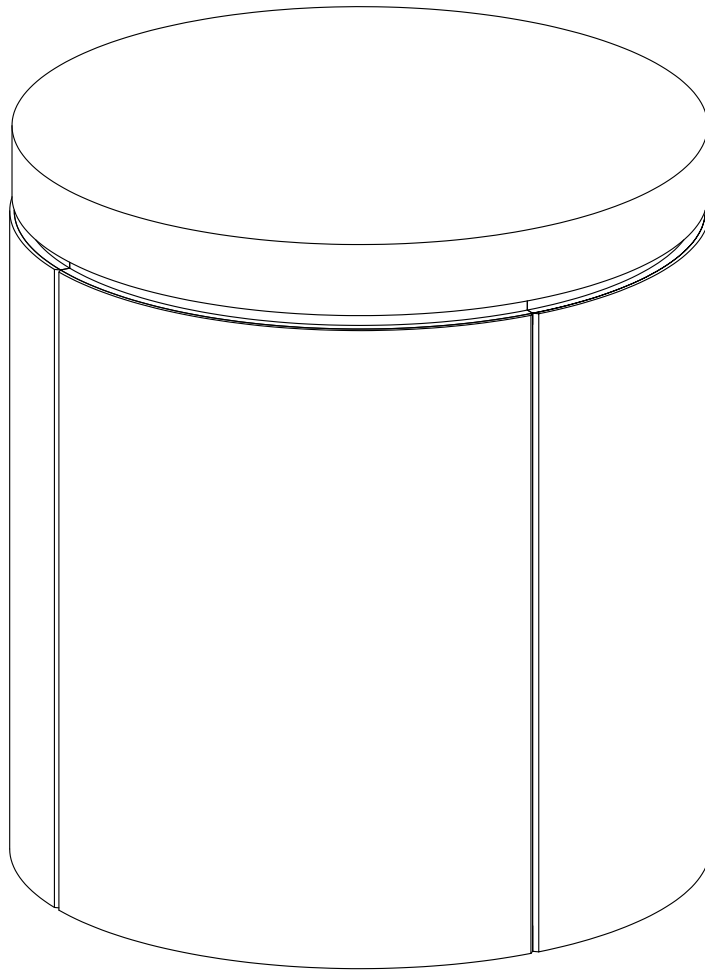

Step 5

Top it off! Set the Top Panel (1) in place, and... that's it! You did it! Enjoy your brand-new table!
