

## Il Romanzo 4-Bottle Open Wine Cooler

### IL-OW004

Whether you're in the middle of entertaining and have bottles open for guests or are storing bottles for later use, the Il Romanzo 4-Bottle Open Wine Cooler will keep your wine perfectly chilled. Its unique design keeps bottles upright, preventing wine from spilling out of open bottles while simultaneously keeping them chilled and ready to serve at the perfect temperatures! Thermoelectric technology allows this cooler to operate quietly and with very little vibration. A digital control panel allows you to adjust the temperature easily for either red or white wine. This is a must-have for the kitchen counter of any wine lover!

Control Panel

4-Bottle Capacity
