

FURRION®

Chill® HE RV Roof Air Conditioner (R32), 13.5K & 15K

The high-efficiency, 13,500-BTU and 15,000K Furrion Chill RV roof air conditioners keeps you cool and comfortable no matter where your adventures take you. The streamlined, aerodynamic design resists air drag and cuts down on fuel costs while looking modern and chic.

High-Efficiency Cooling Power

The aerodynamically designed, mid-profile Chill HE RV roof air conditioner by Furrion provides stable temperature control, improved running efficiency and reduced operating noise to meet the demands of any mobile living condition. It is engineered with dual-fan technology to be up to 40% more efficient (EER) over single-fan models. One fan pushes cold air from the compressor into the RV, while the other keeps the primary fan cool. This allows for optimal fan speed, less heat generation and overall increased airflow.

Aerodynamic, mid-profile design for enhanced style and better gas mileage

Dual fans with optimized speed for quieter operation and less heat generation

Powerful, high-capacity compressor cools RV down faster

Features

- High energy efficiency ratio (EER) delivers more BTUs per unit of power
- Durable shroud is securely fastened down to protect AC unit
- UV-resistant finish for increased longevity
- Weather-resistant plastic drip pan avoids corrosion and vibrations
- Climatesmart™ and Vibrationsmart™ to protect against travel conditions

Part #	Model #	Description
CHILL HE Rooftop Air Conditioners (R32 Refrigerant)		
2024042636	FACR13HESA2-BL-AM	CHILL HE Rooftop Air Conditioner (R32), 13.5K, Black
2024042635	FACR13HESA2-PS-AM	CHILL HE Rooftop Air Conditioner (R32), 13.5K, White
2024042639	FACR15HESA2-BL-AM	CHILL HE Rooftop Air Conditioner (R32), 15K, Black
2024042637	FACR15HESA2-PS-AM	CHILL HE Rooftop Air Conditioner (R32), 15K, White
Electronic Control Components		
2024042647	FACT12CA2-PS-AM	Single/Multi Zone Electronic Direct Flow Standard ADB
2024042655	FACC12ESHA2-BL-AM	Enhanced Multi Zone Controller (Compatible with heat strip)
2021123592	C-FACR15SA-A02	Add-on: 1500 Watt Heat Strip
2024042658	FACW12ESZA2-BL-AM	Enhanced Multi Zone Thermostat
Manual Control Components		
2024042642	FACT11CA2-PS-AM	Manual Direct Flow ADB
2024046890	FACC10MESA2-BL-AM	Manual Controller
2021123592	C-FACR15SA-A02	Add-on: 1500 Watt Heat Strip
Conversion Kit		
2021123542	C-FACR15SA-A01	Air Conditioner Rooftop Unit Conversion Kit
Additional Components		
2024042653	FACC10ESSA2-BL-AM	Enhanced Standard Single Zone Controller
2024042659	FACW10ESSA2-BL-AM	Enhanced Single Zone Thermostat
2022107156	C-FACT12CA-A01	Premium Duct Divider
