

Premia®

Ultra High Speed Floor Finish

Premia® Ultra High Speed Floor Finish offer great performance and “wet look” appearance with low maintenance requirements.

Features & Benefits

- Provides wet look gloss
- Great burnish response that “pops” with propane, battery or electric equipment
- Superior resistance to dirt embedment, scratching, scuffing and marking
- Enables flexibility in maintenance procedures and burnishing frequency while still maintaining a great appearance
- Contains readily biodegradable surfactants and no fluorochemicals
- Solids content: 20%
- Meets ASTM D-2047 slip resistance requirements

Applications

- For use on resilient and most hard surface flooring
- A sealer may be required for highly polished stone surfaces, glazed ceramic tile, luxury vinyl tile and some rubber floors
- Not intended for use on cork, wood, or bamboo flooring

Use Instructions

PREPARATION

- Strip floor if needed, using a Diversey heavy duty stripper per the instructions on the stripper label
- Apply 2-4 coats of Premia® finish using a clean mop. Apply additional coats if a higher gloss is desired
- Allow 30 minutes drying time between coats. Temperatures, humidity and ventilation may affect drying time.

MAINTENANCE

- Dust mop or sweep
- Clean the floor with mop or automatic scrubber using the recommended Diversey brand cleaner according to label directions
- Burnish floors with appropriate pads as needed to maintain appearance

RECOATING

- Dust mop or sweep
- Clean the floor with mop or automatic scrubber using the recommended Diversey brand cleaner according to label directions
- Apply 1 - 3 coats of Premia® finish using a clean mop

REMOVAL

- Remove using recommended Diversey stripper according to label directions
