

METAL BIRD BATH

Review all assembly and care information carefully before using this product. Save this manual for future reference.

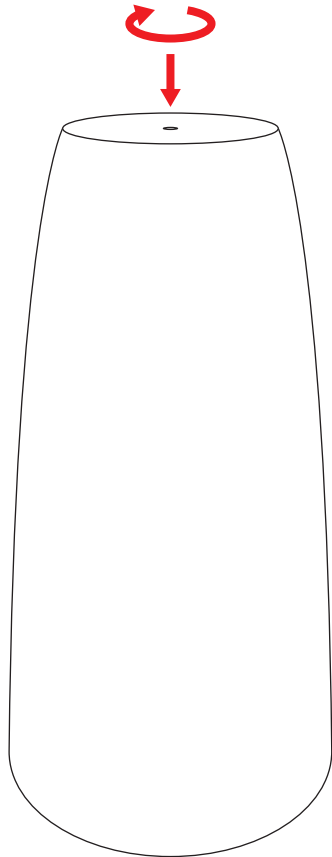

Assemble components on a soft, clean surface to avoid damaging the finish. Select a smooth, level surface to place the birdbath.

No.	PARTS	QTY.
A	Bowl	1
B	Pedestal	1

Inspect packaging to ensure all parts are accounted for before disposing of packing materials.
 Save the packing slip.

ASSEMBLY

Align Bowl (A) with Pedestal (B) and twist the bowl to secure it to the pedestal.

CHOOSING A LOCATION

Select a flat, level surface. If placing the birdbath on a rough surface, such as on decorative rocks, we highly recommended using a large stepping stone or paver to prevent chipping and damaging the finish.

If you need to move the birdbath, remove the bowl from the pedestal before doing so; lifting the assembled birdbath by the bowl may result in permanent damage to both parts of the unit.

CLEANING

Cleaning 1-2 times per week is recommended.

1. Empty the old, stagnant water.
2. Wash the bowl using warm water and a soft cloth.
3. Rinse the bowl thoroughly with clean water.
4. Fill the bowl with fresh, clean water.

! SAFETY STATEMENTS & WARNINGS !

- Do not install the birdbath on uneven surfaces or loose soil.
- Disassemble the unit before moving; lifting by the bowl may damage the unit.
- Do not use a pressure washer, harsh chemicals, or abrasive materials to clean the birdbath.
- During freezing weather, empty the birdbath and store it indoors.

Any modification to the product or failure to follow recommended care will void the product warranty.

! WARNING:

Manufacturer and seller expressly disclaim any and all liability from personal injury, property damage or loss, whether direct or indirect, or incidental, resulting from the incorrect attachment, improper use, inadequate maintenance, or neglect of this product.
