Helios Hickory

Adventure with Every Step

Embark on a design journey with the Odyssey Collection, and bring the rustic beauty of European oak, American hickory, and American maple into your home. Planks are topped with a hardwood veneer sourced from responsibly managed forests, with each tree harvested according to its individual age, size, and level of maturity to get the highest quality timber. Planks are extra wide and green to the core -- stabilized over a sustainable foundation. A safe-for-the-home UV oil finish provides surface protection while highlighting stunning grain and color variation.

Back to Nature

The Odyssey collection inspires design adventures with 11 styles that let the wood's natural beauty do all the talking. Colors are exceptional enough to be noticed, but still versatile enough to work with any interior design.

UV Oil Finish

The protective coating on each Odyssey plank showcases unique grains, trailing knots, and color variation while delivering a natural matte finish. Planks look their best when maintained a few times a year with an oil refresher solution.

Green to the Core™

Odyssey floors feature a top beauty layer of maple, hickory, or European oak over a sustainable foundation. Using a fast-growing timber for the core allows planks to be larger, more dimensionally stable, and get 4x as much flooring from each tree.

Accessories

Grain	Wire-brushed Wood
Construction	Engineered Hardwood - Green to the Core™
Plank Length	Random Length up to 82-11/16 inches
Plank Width	Wide: 5-1/2 inches Wide Plus: 7-1/2 inches
Plank Thickness	1/2 inch
Sqft./Box	Wide: 30.74 sqft. Wide Plus: 29.45 sqft.
Milling	Tongue-and-Groove
Installation Method	Nail, Glue, Float
Finish	UV Cured Oil
Resin	Low Emitting VOC & Prop 65 Compliant. Test results available upon request.
Residential Warranty	50 Year Structural and Finish
Commercial Warranty	50 Year Structural, 5 Year Finish
Radiant Heat Compatible	Yes (excludes Hickory)
LEED Points	EQC4.3
Fire Rating	Hickory: 0.40 W/cm2 (Class 2) Maple: 0.44 W/cm2 (Class 2) Oak: 0.51 W/cm2 (Class 1)
Certification	FloorScore® Certified, FSC® available upon request
