INTRODUCING **SOLERA UNIVERSAL** 2018 AWNINGS & ACCESSORIES

Solera Universal Arms fit any of these brands:

Dometic®* (A&E)

Universal Hardware fits the following Dometic® 8' extension awnings models: 8500, 9000, 9100, Sunchaser and Weather Pro

Universal Hardware fits the following Solera® 8' extension awnings models: Power 12V, Power 18V, Hybrid and Classic Manual

Carefree™**

Universal Hardware fits the following Carefree™ 8' extension awnings models: Spirit, Fiesta, Simplicity Traveler and Eclipse

*Dometic® is a registered mark and logo owned by Dometic Sweden and A&E is a mark used by Dometic Group.
**Carefree™ and the Carefree logo are a mark and logo used by Carefree of Colorado, member of The Scott Fetzer Co.

Making it simple and easy to:

POWER UP

Power Up your mobile lifestyle with the Solera 12V Power or 18V Battery Operated awnings. Save yourself the stress and added time of manually setting up your awning!

UPGRADE

Upgrade your current manual or power awning with Solera Universal Hardware! Our Hybrid and Power awnings set up automatically for camping as they extend.

FIX IT

Tired of your old manual or power awning? With our newly designed Solera Universal hardware, replacing your broken or worn out awning has never been easier, no matter what awning brand you have.

SOLERA: 18V POWER

18V Battery Power Pack

Introducing the industry first Solera 18V Power Awnings! Upgrading to a power awning has never been easier! An industry first, the Solera 18V Power Pack features a unique, rechargeable battery that fits right inside your Solera Power Awning arm and comes with everything you need to connect to the motor wire. This is the perfect awning for DIY RVers who don't want to spend the installation dollars to wire a 12V awning into their RV. Better yet, the Solera 18V Power awning extends and retracts faster than other power awnings. Not that you're in a hurry, but who wouldn't want the fastest awning on the planet?

The world's fastest growing RV awning brand

SOLERA: 18V POWER FEATURES

- Save 1-2 hours of additional installation expense as there is no need to wire this directly in to your RV's power supply
- Waterproof switch offers easy, push-button operation
- Auto rain dump feature activates when rain water pools in the canopy, automatically lifting the awning arms to release the pooled water
- Operates 22-25 times before needing a simple plug-in recharge
- Exclusive, quick and simple independent pitch adjustment for relief from the sun at any point in the day
- Faster extend and retract time
- Includes 110V charging kit
- Easy DIY installation; no internal wiring needed to the RV's main power source
- Easy access manual override, an industry first!* In case of power failure, simply use a power drill to extend or retract your awning in case of power failure
- **NEW!** Universal Solera 18V Power Hardware option allows for an easy UPGRADE on Dometic®** (A&E) and Carefree®*** manual or power awnings

SOLERA: 18V POWER HARDWARE

TALL ARM

Adjustable Pitch

- Requires 69" unobstructed area from awning rail straight down
- Requires min. clearance of 2-1/2" between awning rail and top of entry door
- This hardware will roll the awning out to a pre-set pitch for maximum shade and ideal rain runoff
- Two-position pitch

Integrated 18V Battery Power Pack

110V Easy Access Charging Adapter

AC Adapter plugs in to any 110V outlet

UNIVERSAL ARMS AVAILABLE

Our Universal options fit standard Solera®, Carefree™ and Dometic® patio awning roller bars making Solera the Universal easy choice..

See page 31 to order

RV Doctor's Tip: "Upgrading to a power awning from a manual awning can be pretty labor intensive. Wiring the awning into the RV's main power source can take a technician quite some time. When I saw the new Power Pack option from Lippert Components, my first thought was, "Why didn't I think of that?" The Solera 18V Power Pack option is most definitely the easiest way to get out of the Stone Age and upgrade to a power awning, folks."

*Manual override not available on 2017 Forest River Cherokee

**Universal Hardware fits the following Dometic® 8' extension awnings models: 8500, 9000, 9100, Sunchaser and Weather Pro

***Universal Hardware fits the following Carefree® 8' extension awnings models: Spirit, Fiesta, Simplicity Traveler and Eclipse

12V Push-Button Control

Isn't it time you made the switch from a manual, spring-assisted awning to something easier? How many years have you daydreamed of a simplified camp setup? Stop wasting time and energy with manual awnings and POWER UP to a Solera 12V Power Awning. Featuring a premium, heavy-duty canopy and a one-handed adjustable pitch projection, the Solera 12V Power Awning allows for simple, effortless setup. With the push of a button, the awning's direct drive motor easily extends or retracts your awning's canopy. Simple, stress-free and with manual override functionality, the 12V Push-Button Control Awning takes the hassle out of camp setup and all but eliminates campsite setup frustrations.

**EASY

UNIVERSAL ARMS AVAILABLE

Our Universal options fit standard Solera®, Carefree™ and Dometic® patio awning roller bars making Solera the Universal easy choice.

See page 31 to order

RV Doctor's Tip: "One RVer recently asked me, 'I have an old Dometic power awning. Is it worth switching to the Solera Power Awning?' The short answer is, yes. There are several advantages to a Solera Power Awning that the other two brands don't offer, but one stands out to me above the rest. How many times have you run your batteries dry? I know I have. If this happens when your awning is out, you could have a problem on your hands, but not with Solera. With it's easy to use manual override function, simply roll your awning back in with a power drill and you're ready to hit the road. The other brands' manual operation isn't so easy. There's a great video on YouTube showing all three awnings being manually retracted – you should check it out. The video will show you that not all power awnings are created equal."

*Manual override not available on 2017 Forest River Cherokee

**Universal Hardware fits the following Dometic® 8' extension awnings models: 8500, 9000, 9100, Sunchaser and Weather Pro

GO LARGE

SOLERA: XL 12V POWER AWNING

Extended Shade and Relief From the Sun

The Solera XL Awning features an industry first 9' 8" projection, making it perfect for taller RVs and RVs with a slide-out under the awning. Class A motorhomes, fifth-wheel and toy hauler RVs continue to get taller and taller, so it can be difficult to get the shade you need from a standard 8' projection awning. Not only that, but many brands now feature slide-outs under the awning, which can really limit your shaded patio area. Choose a Solera Power XL Awning to enjoy 20% more shade than a standard 8' projection pitch! Featuring an adjustable projection pitch Sleeve, the Solera XL Awning can be pitched at multiple points to block the sun at any time of day. The two-stage projection pitch arms also provide added strength and support for your awning, making the XL Awning one of the best values on the market.

THE FIRST! XL 9'8" PROJECTION

SOLERA: XL 12V POWER FEATURES

- 9'8" projection offers 20% more shade than standard 8' projection awnings
- Push-of-a-button, automatic 12V operation from inside or outside your RV
- Adjustable two-position pitch arms provide added strength and offer multiple adjustments, offering shade at any time of day

NOTES: Solera XL arms require XL roller assemblies.
Vinyl and Acrylic with Solera Shield not available on XL awnings.
18V Battery Power Pack not available for Solera XL awnings.

Gary Bunzer
The RV Doctor &
RV Hall of Fame Member

RV Doctor's Tip: "Every year, I walk the National RV Show in Louisville, and the RV's always seem to be getting bigger, taller and have more slide-outs. 8' projection awnings just don't cut it in some cases anymore, so the Solera Power XL Awning is a perfect solution for those RV owners. **Solera also offers the Awnbrella tensioner bars in XL sizes too, so your awning fabric can be kept tight and arched while you're at the campsite.**"

SOLERA: **DESTINATION**

Big Carport-Sized Shade & Shelter

Destination campers (or seasonal campers) who setup camp for extended stays will love the Solera Destination Awning. With 20 percent more shaded area compared to standard 8' projection awnings, the 9' 8" Solera Destination Awning is the ultimate solution when you need added living space. Not only does the Destination awning provide extra shade, it also comes with a center ground support, a Solera Shield to protect the vinyl canopy and Solera Awnbrellas™ to keep the fabric arched and taut to minimize wind flap and enable rain runoff.

SOLERA: DESTINATION FEATURES

- 9'8" projection offers 20% more shade than standard 8' projection awnings
- Manual spring assist operation
- Includes Solera Awnbrella fabric tensioning bars
- Includes center ground support bar
- Includes standard Solera Shield fabric protector
- Arms detach from bottom bracket and easily swing to "carport" position providing varied pitch options to block the sun at any time of the day

SOLERA: GROUND SUPPORT

Gary Bunzer
The RV Doctor &
RV Hall of Fame Member

RV Doctor's Tip: "Seasonal campers, take note. The Solera Destination awning is what you've been waiting for. Not only do you get 20% more shade, but the included Awnbrella tensioning arms allow you to rest easy. Wind and rain are no longer a big deal. The Awnbrella arms keep the fabric tight and arched so wind won't catch the awning as easily and water runs off without having to pitch the awning."

SOLERA: HYBRID

Sets up & stores in a fast one-step operation

UNIVERSAL

FIX IT

UPGRADE

SOLERA: HYBRID

Sets Up & Stores Automatically as you Crank

The Solera Hybrid Awning combines the best of both worlds. Featuring a simple crank operation, the Solera Hybrid Awning extends and retracts just like a Power Awning, except you supply the power. The next best thing to a fully powered awning, the Hybrid allows you to skip the potential hassle and installation cost of running wiring and acts as a do-it-yourself upgrade from a manual spring-loaded awning.

SOLERA: HYBRID FEATURES

- Simple crank operation makes for fast one-step setup
- Auto rain dump feature – if water pools in the canopy, the arms will release it
- Exclusive, quick and simple independent pitch adjustment – enjoy full or partial extension
- Designed to provide optimum pitch when used over slide-outs
- Includes crank wand
- **NEW!** Universal Solera Hybrid hardware allows for an easy and inexpensive upgrade to Dometic®* (A&E) and Carefree™** spring-assisted patio awnings

SOLERA: HYBRID HARDWARE

SHORT ARM

Adjustable Pitch

- Requires 60-1/2" unobstructed area from awning rail straight down
- Requires min. clearance of 6" between awning rail and top of entry door
- This hardware will roll the awning out to a pre-set pitch for maximum shade and ideal rain runoff
- Two-position pitch

- Infinite adjustment

UNIVERSAL ARMS AVAILABLE

Our Universal options fit standard Solera®, Carefree™ and Dometic® patio awning roller bars making Solera the Universal easy choice.

See page 31 to order

RV Doctor's Tip: "Traditional spring-assisted awnings have been around forever. Veteran campers can set these awnings up in a matter of minutes, but to those new to camping, setup can be a little difficult. The Solera Hybrid Awning is perfect for those campers who don't want to make the jump to a power awning, but also want something easier to extend and retract. If this is the case, press the "easy button," and get yourself a Solera Hybrid. You get the best of both worlds!"

*Universal Hardware fits the following Dometic® 8' extension awnings models: 8500, 9000, 9100, Sunchaser and Weather Pro

Traditional Manual Spring Roll Up

UNIVERSAL

FIX IT

UPGRADE

CLASSIC
Solera
by Lippert Components

SOLERA: CLASSIC

Traditional Manual Spring Roll Up

Classic design, classic operation. The Solera Classic's manual spring-assisted design has been an industry favorite for decades. The rugged Solera Classic extends and retracts in just a few easy steps. Simply release the travel locks on each arm, loosen the rafter knobs, use the pull cane to unlock the roller, then hook the pull strap and walk it out to unroll the awning. Once extended, set the tension, tighten rafter knobs and raise the awning arms to whatever pitch you want for shade and water runoff. You can also detach the arms from the bottom bracket and rotate them to a vertical "carport" position. This carport position makes it easy to attach accessories like the Solera Screen Room and Solera Family Room™.

SOLERA: CLASSIC FEATURES

- Traditional manual spring-assisted roll up operation
- Arms detach from bottom bracket and easily swing to “carport” position providing varied pitch options to block the sun at any time of the day
- Great value for replacing any Dometic®, Carefree™** or Solera® spring-loaded manual awning
- Simple standard manual operation: Unlock with included wand, unroll with strap, set the braces and raise the arms
- **NEW!** Universal hardware now makes Solera the easy choice for repairing or replacing your old spring-assisted patio awning. Solera Universal Classic Hardware fits into Dometic®* (A&E) and Carefree™** roller assemblies with ease

SOLERA: CLASSIC HARDWARE

SHORT ARM

- Rail to floor line 63"-68" from awning rail straight down

STANDARD ARM

- Rail to floor line 68"-81" from awning rail straight down

LONG ARM

- Rail to floor line 81"-96" from awning rail straight down

UNIVERSAL ARMS AVAILABLE

Our Universal options fit standard Solera®, Carefree™ and Dometic® patio awning roller bars making Solera the Universal choice.

See page 31 to order

Gary Bunzer
The RV Doctor &
RV Hall of Fame Member

RV Doctor's Tip: "Most RVers love these spring-assisted awnings because of the “carport” set-up option. This is great if you plan on spending extended periods of time at the campsite. One potential issue here is that when the legs go all the way to the ground, there is no pitch adjustment option, so water pooling can become an issue. No problem there folks – the Solera Awmbrella tensioning arms are easy to install and keep your awning fabric taut and arched so water slides right off the awning. Problem solved!"

* Universal Hardware fits the following Dometic® 8' extension awnings models: 8500, 9000, 9100, Sunchaser and Weather Pro
** Universal Hardware fits the following Carefree™ 8' extension awnings models: Spirit, Fiesta, Simplicity Traveler and Eclipse

SOLERA: WINDOW AWNINGS

Keep cool, and block the sun's rays from invading your RV interior living space

UPGRADE

SOLERA: WINDOW AWNINGS

Keep the heat out, and save on AC with Solera Window Awnings. Just use the pull cane to hook the pull strap, and pull to extend the awning. Secure the strap loop onto a hook on the RV wall to keep the awning extended. Go for the best value and the best look, and cover two windows with one window awning. Solera window awnings are available in standard arm and canopy sizes for windows that are under 33" in height and in XL sizes for windows over 33". Standard window awning arms are 18" long so they'll have an 18" projection, and XL window awning arms are 30" long so they'll have a 30" projection. Order arms and roller separately.

See pages 36-37 to order

KEEP THE HEAT OUT AND SAVE ON AC

UPGRADE

SOLERA: SLIDERS

Give your slide-outs extra protection from debris and water infiltration with Solera Sliders. These attractive and economical slide-out awnings automatically retract and extend with your slide-out and prevent leaves, bird droppings, branches and more from damaging slide-out seals.

FEATURES

- Attractive and economical protection for your slide-out
- Full coverage over the slide-out roof and the RV sidewall slide-out opening
- Blocks leaves, bird droppings, branches and debris
- Automatically retracts and extends with slide-out
- Fits slides ranging from 66" to 192" long and extending up to 48"
- Comes complete with awning rail and all mounting brackets
- Choose from multiple vinyl & acrylic fabric colors
- Available with the Solera Shield

See page 38 to order

SOLERA: Awnbrella

Give your awning the extra support it needs

Awnbrella™

UNIVERSAL UPGRADE

SOLERA: Awnbrella

Give your awning extra support and a better angle for water runoff with the Solera Awnbrella. Perfect for destination campers who like to leave the awning extended for long periods, the patented rust-resistant aluminum bows hold fabric taut and arched so water doesn't pool and debris can easily run off. Now you won't have to camp with one end of your awning pitched lower than the other end. Solera Awnbrella's also complement Solera Screen Rooms and Family Rooms.

FEATURES

- Adjustable rust-resistant aluminum bows
- Keeps canopy from flapping in the wind
- Increases clearance over entry door
- Prevents canopy from sagging
- Stops water from pooling
- Enhances appearance

See page 39 to order

Front, Side and Super Shades. Screen and Family Rooms

SOLERA: CLASSIC FRONT AND SIDE SHADES

Perfect for all awnings, the one-piece, black Solera Front Shade is easy to slide into your awning roller tube whenever you need a little extra shade, privacy or wind block. Solera Front Shade panels are available in 8', 10', 13', 15', 17' & 19' widths, each with a 6' screen height. The Solera Front Shade kit includes spikes and tie downs so you can secure it to the ground. The entire kit stores neatly in the included storage bag when not in use. Front and side shades sold separately.

Available in black plastic only.

SOLERA: SUPER SHADE

Many of the larger RV's today have patio awnings that are too high to reach when they are fully extended, and that's why we created the Solera Super Shade! The two-piece, black Solera Super Shade features a standard 6' shade height that easily zips into a Super Shade extension and can be permanently installed into your awning's roller tube.

NOTE: Must order both Super Shade Side Panels and Super Shade of same drop length to make a complete Super Shade kit. Solera Super Shade is available for standard 8' extension patio awnings only; not compatible with Solera XL awnings. Available in black plastic only.

The Super Shade extension can be ordered in five sizes that would provide either a 6', 7', 8', 9' or 10' total screen height. Order the Super Shade extension height based on how high your patio awning is from the ground to the roller tube while fully extended. For example, if your patio awning measures 10' high from ground to roller tube, order the 10' Super Shade. The Solera Super Shade comes in 10', 13', 15', 17' & 19' widths.

SOLERA: FAMILY ROOM™

Turn the space under your awning into an enclosed outdoor patio with the Solera Family Room kit. Add up to 160 square feet of enclosed space so you can enjoy meals minus pesky insects. Or roll down the all-weather panels and use as a cozy sleeping area for kids.

FEATURES

- Lightweight gray fabric complements any RV color scheme
- Fits most 10'–21' manual and power awnings
- Accommodates RVs with awning rail-to-ground measurement up to 130"
- Fits 8' extension Solera®, Carefree™ and Dometic® awnings
- Measure center of arm to center of arm to determine room size needed

SOLERA: SCREEN ROOM

Keep the bugs out and enjoy the breeze with the Solera Screen Room. Its neutral tan material helps to block out extra heat, making the Solera Screen Room perfect for outdoor dining, board games and social gatherings on hot summer days.

FEATURES

- Fits most 10'–21' manual and power awnings
- Accommodates RVs with awning rail-to-ground measurement up to 130"
- Fits 8' extension Solera®, Carefree™ and Dometic® awnings
- Measure center of arm to center of arm to determine room size needed

UNIVERSAL SHADES AND ROOMS

Our Universal shades and rooms fit the following:

- Solera® 8' Extension Classic, Hybrid and 12V Power
- Carefree™ 8' Extension Spirit, Fiesta, Simplicity, Traveler and Eclipse Awnings
- Dometic® (A&E) 8' Extension 8500, 9000, 9100, Sunchaser and WeatherPro Awnings

Making it simple and easy to...

POWER UP

Power Up your mobile lifestyle with the Solera 12V Power or 18V Battery Operated awnings. Save yourself the stress and added time of manually setting up your awning!

UPGRADE

Upgrade your current manual or power awning with Solera Universal Hardware! Our Hybrid and Power awnings set up automatically for camping as they extend.

FIX IT

Tired of your old manual or power awning? With our newly designed Solera Universal hardware, replacing your broken or worn out awning has never been easier, no matter what awning brand you have.

ORDERING: **UNIVERSAL AWNING HARDWARE AND ROLLER ASSEMBLIES**

Solera 18V Power | Solera 12V Power | Solera Hybrid

HOW TO ORDER: **UNIVERSAL 18V POWER, 12V POWER AND HYBRID**

1. Measure the area where you want to mount the Solera awning, making sure the awning will not interfere with windows and doors.
2. Taking that measurement, order that size Awning Roller Assembly, and choose your desired vinyl color. Use the Awning Roller guide for 12V Power, Hybrid, & Power 18V Battery to select the correct part number.
3. Measure the distance from the awning rail down the side wall to order the correct arms from the arm guide. You will need to have 1 part number for the awning roll and 1 part number for the hardware selected for a complete order.

HOW TO ORDER: DESTINATION PATIO AWNINGS

1. Measure the area where you want to mount the Solera awning, making sure the awning will not interfere with windows and doors.
2. Taking that measurement, order that size Awning Roller Assembly, and choose your desired vinyl color. Use the Awning Roller guide for Destination to select the correct part number.
3. Measure the distance from the awning rail down the side wall and order the correct arms from the arm guide. You will need to have 1 part number for the awning roll and 1 part number for the hardware selected for a complete order.

ORDERING: WINDOW AWNING HARDWARE AND ROLLER ASSEMBLIES

Window awning hardware and roller assemblies

HOW TO ORDER: WINDOW AWNINGS

1. Measure outside frame to outside frame of the window you desire to cover.
2. Round up to the next size. Example: a 50" window uses a 54" window awning base on the chart provided.
3. Measure the height of the window. If the window measures 32" or greater, use the XL model arms. You will need to have 1 part number for the window awning roll and 1 part number for the hardware selected for a complete order.

Window Awning Hardware

Height	White Hardware	Black Hardware	Satin Hardware	Cream Hardware
Standard (Under 33")	V000334754	V000334750	V000334753	V000389164

NOTE: One part number includes a set of 2 arms

LIPPERT
COMPONENTS

ORDERING: **UNIVERSAL FIT SHADES AND ROOMS**

Front, Side and Super Shades. Screen and Family Rooms

HOW TO ORDER: **SHADES AND ROOMS**

1. Measure center of arm to center of arm of the RV awning and order that size. Example: if your awning measures 15' order a 15' room. 1 part number will supply you the correct product.

Quick Tip: The biggest mistake when ordering a Screen Room or Family Room is usually measuring the awning fabric and not measuring center arm to center arm. If you measure by fabric, the room will arrive one foot too short.

Classic Front Shade

Width	Part no.
8'	3833980608

ORDERING: **UNIVERSAL REPLACEMENT FABRIC**

HOW TO ORDER: **UNIVERSAL REPLACEMENT FABRICS**

1. Measure center of arm to center of arm of the patio awning to correctly order that size fabric.
2. Choose the color of the fabric you desire.
3. Use the chart provided and your measurement of center arm to center arm and vinyl color desired to select your part number. Example: If your measurement from center arm to center arm is 15' then you would select 15' and choose your desired color of vinyl. 1 part number will supply you the correct product.

Quick fact: Do not order fabric replacement size based on the actual awning fabric width as it will arrive too short

SELECT FROM THESE PATIO AWNING REPLACEMENT CHOICES:

All vinyl

- Heavy-duty 13.5 oz fabric
- Cold-crack tested to -25° F
- Nine color choices

Vinyl Canopy with Solera Shield

- Painted Solera Shield is available in black or white

NOTE: Solera Shield not available on XL Awning

Woven Acrylic Canopy with Solera Shield

- Woven fabric is breathable, so the area under the canopy may stay cooler than vinyl canopies
- Six color choices
- Mildew-resistant fabric
- Comes complete with Solera Shield

NOTE: Solera Shield not available on XL Awning

ALL VINYL OPTIONS:

Solid Black BKSOLID

Black Fade WHWG

White Fade BKWG

Sand Fade BKWG

Sand Fade WHWG

Burgundy Fade WHWG

Blue Fade WHWG

Silver Fade WHWG

Green Fade WHWG

NOTE: The color of the exposed vinyl in the rolled up position is noted as BKWG meaning black; or WHWG, meaning white

Ordering Replacement Arms

There are three types of Solera replacement arms. These arms are universal to both power and manual awnings. Simply measure the length of the wall-mount extrusion from top to bottom.

- Short style arms measure 60-1/2"
- Pitched style arms measure 66-1/8"
- Flat style arms measure 69"
