

COATED CUT-RESISTANT GLOVES

Our SpeedKnit™ S2CC06 cut gloves offer our highest level of cut resistance using a 13 gauge machine-knit blend of HPPE, glass, and tungsten steel to protect working hands with ANSI A9 blade-cut resistance. The working side features environmentally friendly touchscreen capable water-based urethane coating to maintain grip in dry or wet conditions.

FEATURES

Heavy duty 13-gauge knit HPPE + glass + tungsten steel construction protects against lacerations and harsh skin abrasions.

MACHINE WASHABLE

- Comfortable compression cuffs provide a secure fit.
- Water-based urethane palm coating is extremely tactile and offers good grip performance in dry or wet working conditions.
