

We have done the math for you.

TASKISUM Single Use Microfiber cloths and mops.

Adding up all the benefits of effective cleaning and superior hygiene.

Does your environment demand hygienic cleaning that only microfiber can offer, but do you find it hard to organize the necessary laundry around that? Meet TASKISUM and experience the convenience of single use mops and cloths with the excellent performance of 100% microfiber. Its immediate removal of 99% of bacteria helps to prevent cross contamination in critical hygiene areas and makes your environment a healthy one.
