## Multi-Purpose Cleaner

ENVIROMOR Multi-Purpose Cleaner is a safe acidic product that is biodegradable\*, non-fuming and non-corrosive, safe on steel and mild on skin. ENVIROMOR will clean and revitalize washable surfaces including plastic, laminated, copper, steel, ceramic, tile, porcelain, painted surfaces, brass and grout.

### Features & Benefits

- Non-fuming & non-corrosive
- Safe on steel
- Mild on skin
- Biodegradable

### Applications

- Will clean and revitalize washable surfaces
- Use on plastic, copper, steel, ceramic, tile, brass, porcelain, and more
- Removes rust, tarnish, calcium, lime, soap scum, mold, mildew, and other heavy soils

### Use instructions

Use with cold water. ENVIROMOR can be used full strength or with the recommended dilution with up to 40 parts water, depending on the application, the surface and the severity of the soil. Pretest the effect of the product on a hidden area of the surface being cleaned. Apply product onto the surface. Let stand for a few minutes or longer if necessary. Wipe with cloth, sponge or swab and rinse thoroughly with water.

### DILUTION RATES:

**HEAVY USAGE:** Mix 1 part cleaner to 10 parts water.

**MEDIUM USAGE:** Mix 1 part cleaner to 20 parts water.

**LIGHT USAGE:** Mix 1 part cleaner to 40 parts water.

**\* SURFACTANTS IN THIS PRODUCT ARE READILY BIODEGRADABLE IN ACCORDANCE WITH OECD 301 STANDARD.**

Follow all Federal, Provincial and Local Regulations regarding waste disposal.

### Safe handling

Please make sure your employees read and understand the product label and Safety Data Sheet before using this product. The label contains directions for use; and both the label and SDS contain hazard warnings, precautionary statements and first aid procedures. SDS are available online at [www.diversey.com](http://www.diversey.com) or by calling 888.352.2249. Improper use or dilution may result in damage to surfaces and may result in health and physical hazards that match those of the concentrate.
