SENSORFLO SENSOR FAUCET

With our SensorFlo Faucets, our goal was to create the most durable fixture with our customers needs in mind. Featuring a solid, lead-free brass construction, it is not only sturdy but conforms to drinking standards. Featuring a smaller sensor eye, and 60-second time out, the sensor eye is not only compact but uses less energy!

With four sensor designs to choose from, our line of SensorFlo Faucets is the perfect fit for every customer.
