

See safety datasheet (if applicable) and product label for safety information, handling and proper use.

Directions for Use

COMMERCIAL DISHWASHER DELIMING: Use 3-4 oz. DELIMER per each gallon of machine reservoir water. Circulate water in machine for 10 to 20 minutes utilizing the dishwasher's manual wash system. Drain machine and rinse reservoir with clean water. **MANUAL SURFACE DELIMING:** Add 3/8 to 1/2 cup DELIMER to one gallon of 100° to 140°F water. Brush solution onto surface. Allow to stand several minutes for maximum dissolving action. Rinse surface thoroughly.

Delimer an acid cleaner that quickly attacks and dissolves mineral scale composed of calcium and magnesium compounds. Use Delimer safely on stainless steel. **DO NOT** use on anodized aluminum.

Features & Benefits

- Fast Penetrating
- Excellent Cleaning
- Descales and brightens

Item Number & Unit of Measure

Item Number	HIL0001306
Unit of Measure	1 gal Bottle

Specifications

Color	Colorless
Appearance	Clear Liquid
Fragrance-Free	Yes
Fragrance	No Added Odor
Formula Type	Liquid
Dilution Ratio	3 TO 4 OZ/GAL
PH	1% 1.5 - 2.1
Non-Volatile Matter	67.9 - 69.1%
