## A NOTE TO PARENTS

This craft is a great way for young children to practice  
beginning snapping, lacing and buttoning skills.  
Depending on the age and ability of your child,  
they may need a little help along the way.

## YARN MANE & TAIL

Separate the long yarn strands from the short.  
Be sure the ends are even.

## MANE – LACING

Place the short yarn bundle through the end of the lacer.  
Hold the bag and pull the lacer through the top holes as shown.

Remove the lacer and even out each side of the yarn mane.

## TAIL – LOOPING

Fold the long bundle of yarn in half. Insert the center of the bundle through the ribbon loop on the back. Pull the ends of the yarn through the center yarn loop, pulling to tighten.

## HORN – SNAPPING

Line up the snap on the back of the horn with the snap on the bag. Press until you hear a click!

## EARS – BUTTONING

Push the buttons through the button holes in the furry ears.

## BOW – CLIPPING

Clip the bow through the same holes as the short yarn.

## PEEL AND STICK

*Position carefully. Once stickers are in place they can be removed but not repositioned.*

Peel the googly eyes from the backer and place them on the bag. Add the eyelash stickers.

Peel the felt and metallic stickers and arrange them on your bag.
