- Versatile tools ideal for pulling o-rings, seals, cotter pins, tape, brushes, separating wires, twine or thread and picking up small hard to grasp objects
- Five styles give you a range of functions: curved hook, offset hook, 90 degree hook, straight pick, flat o-ring remover
- Each coated pick is 3 in. long (75mm) and knurled for a positive grip or use by itself without the handle

- Durable, 3-1/4 in. (83mm) long anodized aluminum handle with knurled handle will not rust, corrode, or break
- To switch hook type, simply screw/unscrew the threaded end into the threaded tip of the handle
- Includes clear vinyl pouch to keep everything organized together
