SOLUTIONS TO
THE SURFACE.**

SCOTCH-BRITE™ PRECISION SURFACE CONDITIONING DISCS

Revolutionizing the Automotive Aftermarket industry by combining 3M Precision-Shaped Grain and nonwoven material, the all new Scotch-Brite™ Precision Surface Conditioning Disc delivers next level results and the consistency you've come to expect from the Scotch-Brite™ lineup.

NEW

SCOTCH-BRITE™ PRECISION SURFACE CONDITIONING DISCS

FIRST OF ITS KIND.

This addition to the Scotch-Brite™ lineup promises the consistency you've come to expect with increased cutting speed and longer abrasive life. Ensuring your process is quicker, more effective, and always of the highest quality.

Designed for versatility, the Extra Coarse disc can even replace fiber and flap discs (P150 and finer) to reduce process steps. Improve surfaces and achieve desired finishes in less time with less rework and without gouging, undercutting or damaging the base material. Suitable on a variety of metals and applications.

- ▶ Features 3M Precision-Shaped Grain for fast cut and long life
- ▶ Expanded grades cover a large range of applications
- ▶ Balance of conformability and durability
- ▶ Bright, vivid colors help make identification easier

COMBINED BENEFITS OF TWO 3M TECHNOLOGIES

For the first time we merged 3M Precision-Shaped Grain with the nonwoven web technology of our surface conditioning products to quickly and effectively clean and finish surfaces **without** changing the geometry or dimension of the base material.
