

## NON-MARRING CARPET TUCKER

110901

### SECURE

Contoured handle for comfortable, secure hold

### NON-MARRING

Non-marking design prevents damage to or marks on walls or floors

### DUAL-EDGED DESIGN

Features square end for corners, round end for stairs

Capitol® Non-Marring Carpet Tucker is manufactured with a lightweight, nylon material to avoid damage to the paint or marks on baseboards, walls, ceramic tiles and metals. Dual-edged, it has one square end for corners and one curved end for stairs, and is ideal to create clean transitions and wall lines during carpet installation or repair.
