IMPORTANT SAFEGUARDS

When using an electrical appliance, basic safety precautions should always be followed:

1. **READ ALL INSTRUCTIONS.**
2. **Unplug from outlet when not in use and before cleaning. Allow to cool before putting on or taking off parts.**
3. Do not touch hot surfaces; use handles. Always use oven mitts when handling hot material.
4. To protect against risk of electrical shock, do not immerse the multicooker housing in water or any other liquid. If housing falls into liquid, unplug the cord from outlet immediately. **DO NOT reach into the liquid.**
5. To avoid possible accidental injury, close supervision is necessary when any appliance is used by or near children.
6. Do not operate any appliance with a damaged cord or plug or after the appliance has malfunctioned or has been dropped or damaged in any way or is not operating properly. Return the appliance to the Customer Service Center (see Warranty for details) for examination, repair or mechanical or electrical adjustment.
7. The use of attachments not recommended by Cuisinart may cause fire, electrical shock, or risk of injury.
8. Do not use outdoors or anywhere the cord or unit housing might come into contact with water while in use.
9. Do not use the multicooker for anything other than its intended use.
10. This unit is not a deep fryer.
11. To avoid the possibility of the multicooker being accidentally pulled off work area, which could result in damage to the cooker or personal injury, do not let cord hang over edge of table or counter.
12. To avoid damage to cord and possible fire or electrocution hazard, do not let cord come into contact with hot surfaces, including a stove.
13. Extreme caution must be used when moving the multicooker containing hot oil or other hot liquids.
14. Do not place on or near a hot gas or electric burner, or in a heated oven.
15. Do not operate multicooker in water or under running water.
16. Avoid sudden temperature changes, such as adding refrigerated foods to a heated pot.
17. **CAUTION: TO REDUCE THE RISK OF ELECTRIC SHOCK, COOK ONLY IN THE POT PROVIDED OR IN CONTAINERS PLACED ON THE COOKING RACK IN THE PROVIDED POT.**
18. **CAUTION:** A heated pot may damage countertops or tables. When removing the hot pot from the multicooker, **DO NOT** place it directly on any unprotected surface. Always set the hot pot on a trivet or a rack.
19. To disconnect, turn any control to off, then remove plug from wall outlet.
20. Do not operate your appliance in an appliance garage or under a wall cabinet. **When storing in an appliance garage always unplug the unit from the electrical outlet.** Not doing so could create a risk of fire, especially if the appliance touches the walls of the garage or the door touches the unit as it closes.
21. A short power-supply cord is used to reduce the risk resulting from it being grabbed by children, becoming entangled in, or tripping over a longer cord.
22. Intended for countertop use only.
23. **WARNING:** Spilled food can cause serious burns. Keep appliance and cord away from children. Never drape cord over edge of counter, never use outlet below counter, and never use with an extension cord.

SAVE THESE INSTRUCTIONS FOR HOUSEHOLD USE ONLY

COOKING GUIDELINES

SLOW COOKING

Slow cooking is perfect for foods that require long, slow simmering, such as soups, stocks, stews, and dried beans. Slow cooking is also ideal for tougher and less expensive cuts of meat like shoulder and pot roast.

The Simmer and Low settings are usually used for recipes that cook longer. When starting a dish later in the day, select the High setting to ensure that food is cooked, warm, and ready when you'd like to eat.

To reheat foods, use Brown/Sauté at 350°F and stir until all ingredients are warmed through. Then switch to Slow Cook/Warm until ready to serve.

SETTING	GUIDELINES	RECIPES	TEMP	TIMER
High	Use this setting when you don't have time for a long, slow cook and when "baking" on Slow Cook.	Potatoes, casseroles, puddings	212°F (100°C)	Programmable up to 24 hours, then 8 hours (Warm)
Low	This standard slow cooker temperature is ideal for recipes you start in the morning and enjoy at the end of day.	Braised foods, roasts, stews, ribs, casseroles, shanks, chops, less tender cuts of meat, soups	200°F (93°C)	Programmable up to 24 hours, then 8 hours (Warm)
Simmer	The longer the cooking time, the more the flavors blend together and intensify.	Soups, stews, stocks	185°F (85°C)	Programmable up to 24 hours, then 8 hours (Warm)
Warm	Do not use this setting to cook food. It is intended only for keeping cooked food warm.	----	165°F (74°C)	Defaults up to 8 hours. Or programmable up to 24 hours

NOTE: The U.S. Department of Agriculture (USDA) recommends that when cooking in a slow cooker, food should reach 140°F within 3 hours.

Suggested Cuts of Meat for Slow Cooking

BEEF/VEAL	PORK	LAMB	POULTRY	GAME
Choose cuts that are full of flavor and benefit from braising to tenderize.	Less tender cuts work best. Tenderloin will become tough if slow cooked.	Choose flavorful cuts that benefit from braising to tenderize.	Best choice – dark meat – bone-in. Breast meat can become dry when Slow Cooked.	Game generally tends to be less tender; therefore it is perfect for Slow Cooking.
Arm pot roast, brisket, short ribs, bottom round, chuck or rump roast, chuck shoulder steak, veal shanks	Boston butt roast; pork shoulder pieces; sausages; country style pork ribs (bone-in); pork shoulder or blade roast	Lamb shoulder; lamb stew meat; lamb shanks	Chicken or turkey legs and thighs	Venison roasts or stew meat, pheasant, duck thighs and legs

STEAMING

Steaming is one of the healthiest methods of cooking. No butter or oil is required and fewer nutrients are lost in the steaming process. Four cups/one quart of water is used for basic steaming unless otherwise specified.

BROWN/SAUTÉ

Use Brown/Sauté as you would a skillet or sauté pan on the stovetop for a variety of recipes. Prepare a quickly sautéed skillet dish, or brown food right in the pot as the first step in many braised or slow-cooked family favorites.

To reheat foods, use Brown/Sauté at 350°F and stir until all ingredients are warmed through. Then switch to Slow Cook/Warm until ready to serve.

TIPS & HINTS

HEATUP TIMES may vary based on a number of factors. Approximate times are:

- Brown/Saute (350°F, empty pot) – 6 minutes
- Steam (1 quart of water) – 10 minutes

THE COOKING POT is designed specifically for use in the multicooker. Do not use in oven or on stovetop. Take it right to the table to serve!

THE STEAMING RACK should be placed in the UP position to raise food above water. NOTE: The metal steaming rack is specially designed for this pot and will not damage the coating if used as directed.

BROWN/SAUTÉ

- For even browning, it is important not to crowd the pan. Foods should be cooked in an even layer. Cook larger portions in batches when necessary.
- When browning and sautéing foods before slow cooking, some items may produce a lot of grease. To remove excess, use pot holders to carefully remove the pot from the base; pour off the grease from the corner of the pot. Return the cooking pot to the base and finish cooking.
- When browning meats, browned bits left in the bottom of the pot can be used to flavor the dish. Simply add a small amount of liquid (like water, wine or broth) to the pan and scrape up the browned bits with a wooden spoon – leave in pot. Incorporate into the dish or sauce.
- Foods can be reheated with the Brown/Sauté function. Put precooked food into the cooking pot. Set on Brown/Sauté at 350°F and stir until all ingredients are warmed through. Once food is simmering, switch to Warm on the Slow Cook function until ready to serve.

SLOW-COOKING

- Browning foods before slow cooking adds more depth and flavor to the finished dish. If time is short skip this step and add all ingredients to your cooking pot to slow cook. The only exception is ground meats, which should always be browned before slow cooking.
- When converting a traditional slow cook recipe to include Brown/Sauté, the liquid amount must be increased. This is because cooking starts at a higher temperature than it would in a traditional slow cooker. Recipes vary, but the approximate guideline is to double the liquid for a long braise and increase it by about 50% for a soup or stew. Set the timer to the lower end of the recommended time range.
- For best results, fill multicooker at least one-quarter full but not more than three-quarters full.
- To ensure that root vegetables such as carrots and potatoes are cooked through, cut them no larger than 2 inches. This is most important for dishes that slow-cook less than 6 hours.
- “Crisp-tender” vegetables should be added during the last 30 minutes of cooking time to prevent overcooking. Fresh herbs should be stirred into dishes just before serving.
- In general, cooking for 1 hour on High is the equivalent of cooking for 2 hours on Low.
- Removing the lid when slow cooking lets heat escape, requiring extra cooking time. Each time the lid is removed, add about 15 to 20 minutes of cooking time.
- A fat mop can be used to remove separated fat from slow-cooked food by brushing it over the top. Alternatively, the food may be refrigerated and the congealed fat can then be lifted off and discarded before reheating and serving.
- To decrease the amount of fat in recipes, remove as much of the visible fat as possible from meats and poultry. Remove skin from poultry and drain any fat from browned meats.

- Many slow-cooked foods such as stews benefit from cooling and refrigerating, then reheating – as the saying goes, stew or chili is always better the second day. Bring food to a simmer on the Brown/Sauté function at 350°F. Stir to ensure all ingredients are warmed through and then switch to Warm on the Slow Cook function until serving.
- If using frozen foods, thaw completely before slow cooking.
- Recipes can be assembled the night before cooking. Brown ingredients if necessary and then combine with remaining ingredients in cooking pot. Cover and refrigerate. When ready to cook, place the cooking pot in the cold multicooker and add 30 minutes to your projected cooking time.
- In most cases, dried beans should be soaked overnight, then brought to a boil, drained and rinsed before cooking. Do not add salt or any acid to beans when cooking, as it will prevent them from softening completely.

Adapt your traditional recipes to slow cook:

- For recipes that do not require the Brown/Sauté function before slow cooking, reduce the cooking liquid by at least 50% (soups are the exception). Liquids do not evaporate as they do in traditional cooking, and most often you will end up with much more liquid than you began with.
- Dairy products (milk, sour cream, some cheeses) will break down and curdle during slow cooking. Substitute canned evaporated milk, nonfat dry milk, or add dairy products during the last 30 minutes of cooking.
- If your recipe calls for precooked pasta or rice **UNDERCOOK** it and add to the pot in the last 30 minutes of slow cooking.

STEAMING

- To steam, fill the multicooker pot with no more than 2 quarts of water unless otherwise indicated. Basic steaming will usually use 1 quart of water.
- For smaller foods that might not sit evenly on the rack, we recommend steaming in a parchment or foil pouch. Note: If using foil, increase cooking time by 50% of what is recommended.
- When adding heavier foods like corn on the cob to the steaming rack, place them on the middle of the rack and work your way to the edges.
- When steaming delicate food like dumplings or tamales, it is best to add ingredients before preheating.
- Always use caution when removing lid. It is best to remove the lid tilting away from you.

CLEANING, CARE AND MAINTENANCE

All removable parts are dishwasher safe.

1. Unplug unit and allow it to cool completely before cleaning.
2. Never immerse unit in water or other liquids.
3. To clean the housing and control panel, simply wipe with a clean damp cloth.
4. Wash cooking pot, lid and rack with warm soapy water and rinse thoroughly. Or, clean in top rack of dishwasher.
5. Dry all parts after every use.

Maintenance: Any other servicing should be performed by an authorized service representative.

NOTE: If food residue sticks or burns onto cooking pot surface, fill pot with warm soapy water and allow to soak before cleaning. If scouring is necessary, use a nonabrasive cleanser or liquid detergent with a nylon pad or brush.

- ½ cup Dijon mustard**
- 2 tablespoons chopped fresh parsley for garnish**

1. Set the Multicooker to Brown/Sauté at 400°F. Cooking in batches, add about ⅓ of the sausages to the hot cooking pot, browning each batch for about 8 minutes. You really want to get the sausages nice and brown to bring out the great flavors. This step should take about 20 to 22 minutes total.
2. Once the sausages are browned, put them into the pot and reduce the heat to 350°F. Add the oil. Once oil is hot, add the onions and cook 8 to 10 minutes, or until softened and translucent – this brings out the sweetness of the onions, which adds to the dish.
3. Raise the heat again to 400°F and add the wine. Bring the wine to a boil and let cook until reduced by about two thirds, stirring occasionally.
4. Finally, reduce the heat down to a simmer, to about 300°F, and stir in the Dijon. Simmer until completely coated and slightly thickened.
5. Garnish with parsley and serve.

Pork Dumplings

The great thing about steaming is that the food is ready in no time. In just 30 minutes, you can have homemade pork dumplings.

Setting: Steam

Makes 18 dumplings

- nonstick cooking spray**
- 1 quart water for steaming, plus more for assembling wontons**
- 6 ounces ground pork**
- ½ tablespoon finely chopped ginger**
- 1½ tablespoons finely chopped scallions**
- 1 tablespoon reduced-sodium soy sauce, plus more for serving**
- 2 teaspoons sesame oil**
- 1½ teaspoons rice vinegar**
- 2 tablespoons chopped apple, (about ¼ of a peeled and cored apple)**
- pinch ground mustard**
- 18 wonton wrappers**

1. Lightly coat the steaming rack with nonstick cooking spray. Reserve.
2. Put 1 quart of water into the cooking pot of the Multicooker.
3. Put all ingredients except the wonton wrappers into a large bowl. Gently toss with hands to fully combine, making sure not to over-mix or the filling will be too tough.
4. Set up your work station with a small bowl of water and a pastry brush, large plate or cutting board, package of wonton wrappers, and wonton filling. On a clean surface, line up 3 to 6 wonton wrappers at a time. Place about ½ tablespoon of filling in the middle of each wrapper. Brush the edges of the wrappers with a small amount of water and fold bottom point up, making a triangle. Either crimp all edges like a pleat or fold up the two end points and pinch to seal, using more water if needed. Continue to fill the remaining wontons. Keep the prepared wontons on a clean tray or cutting board and cover with plastic so as not to dry out. Transfer all filled dumplings to the steaming rack and place rack in the unit; cover.
5. Set the unit to Steam. Let steam for about 15 minutes.
6. These are delicious served with soy sauce.

Turkey Swedish Meatballs

What was old is new and popular again,
and that is true with this classic dish.
These are sure to please everyone,
Swedes and non-Swedes alike.

Setting: Brown/Sauté

Makes about 32 meatballs

- 1/3 cup milk (whole or reduced fat)**
- 2 slices sandwich bread, torn into 1-inch pieces**
- 1 medium celery stalk, finely chopped**
- 2 pounds ground turkey**
- 1 medium onion, peeled and finely chopped**
- 1 1/2 teaspoons sea or kosher salt**
- 1/4 teaspoon ground white pepper**
- 1 teaspoon baking powder**
- 1/4 teaspoon ground allspice**
- 2 pinches ground nutmeg**
- 1 large egg, beaten**
- 3 1/2 tablespoons unsalted butter, divided**
- 3 tablespoons unbleached, all-purpose flour**
- 4 cups chicken broth, low sodium**
- 1/3 cup sour cream**

1. Put the milk into a large liquid measuring cup and add the bread. Let soak; reserve.
2. While the bread is soaking, combine the celery, turkey, onion, salt, pepper, baking powder, spices and egg in a large mixing bowl. Squeeze the milk out of the bread and add the bread (discarding the milk) to the turkey mixture. With gentle hands, mix together until fully combined. You want to mix as little as possible, because if you over-mix, the meatballs will be tough. Form into 1-inch meatballs.
3. Put 1/2 tablespoon of the butter into the cooking pot of the Multicooker set to Brown/Sauté at 375°F. Once the butter melts and is hot and foamy, add the meatballs in about four batches so not to overcrowd the pan (overcrowding the pan will lead to poor browning and bring down the heat).
4. Turn the meatballs every minute or two until fully browned. Remove, reserve and repeat with remaining meatballs. Once all are browned, remove and reserve together.

5. Prepare the gravy. Add the remaining butter to the cooking pot. Once it is melted and foamy, stir in the flour. Stirring constantly with a wooden spoon, cook until the butter/flour mixture is lightly browned. Once it is browned, slowly stir in the broth. Bring to a boil and let cook until thickened, about 10 minutes. Reduce heat to 300°F and stir in the sour cream.
6. Put all of the reserved meatballs into the cooking pot with the gravy. Raise heat to 350°F and bring to a boil. Let boil for about 10 minutes to coat the meatballs with the thickened gravy.
7. Reduce heat to 250°F and keep on this temperature until ready to serve. (Note: the meatballs can be served right after boiling in Step 6. This additional time is optional, but adds to the flavor and cohesiveness of the dish.)

Beef Stew

This beef stew is one of the simplest you will ever find. Just combine the ingredients and cook slowly.

Setting: Slow Cook

Makes about 8 cups

2 to 2½ pounds beef chuck, cut into 1- to 2-inch cubes*

- 1** **teaspoon sea or kosher salt**
- ¼** **teaspoon freshly ground black pepper**
- 1** **small to medium leek, white and light green parts only, finely chopped**
- 1** **medium onion, peeled and finely chopped**
- 2** **medium carrots, peeled and cut into ½-inch rounds (halve rounds if carrots are on the larger side)**
- 1** **medium parsnip, peeled and cut into ½-inch rounds**
- 1** **medium celery stalk, thinly sliced**
- ¾** **pound new white or red potatoes, cut into 1-inch pieces**
- 6** **garlic cloves, peeled, left whole**
- 4** **ounces cremini mushrooms, halved or quartered**
- 1** **teaspoon dried herbes de Provence**
- 1** **bay leaf**
- ½** **cup dry red wine**
- ¼** **cup tomato paste**
- 2½** **cups beef stock, low sodium**
- 1** **cup green peas (thaw first if frozen)**
- 3** **tablespoons chopped fresh Italian parsley**

1. Toss all ingredients together except peas and parsley into the cooking pot of the Multicooker.
2. Set to Slow Cook on Low for 16 to 24 hours.
3. Once the unit switches to Keep Warm, stir in the peas and parsley.
4. Taste and adjust seasoning accordingly.

*If you have the time, you can brown the meat prior to slow cooking. Do this on Brown/Sauté at 400°F as the first step. If you do this, use more beef stock in the recipe, closer to 4 cups. Your yield may be slightly less as well.

**The goal is to have tender meat that falls apart when finished – a result of a long, slow cooking process. That being said, if time is of the essence, you may reduce the cooking time to 8 to 10 hours.

Super Chili

Don't be intimidated by the amount of chili powder in the recipe; most store-bought varieties lean on the side of mild. However, spice lovers can turn up the heat by just increasing the cayenne or stirring in some puréed chipotle chiles.

Settings: Brown/Sauté
Slow Cook

Makes about 6 cups

- 1¾ pounds ground beef (chuck works well)**
- 1 teaspoon vegetable oil**
- 1 medium onion, peeled and finely chopped**
- 1 jalapeño, seeded and finely chopped**
- 1 large red pepper, cut into ¼-inch dice**
- 4 garlic cloves, finely chopped**
- ⅓ cup chili powder**
- 2 teaspoons dried oregano**
- 2 teaspoons sea or kosher salt**
- ¼ teaspoon cayenne pepper**
- 1 can (15 ounces) crushed tomatoes**
- 1 can (15 ounces) diced tomatoes, drained**

1. Set the Multicooker to Brown/Sauté at 400°F. Once hot, add the ground beef and break apart with a wooden spoon. Cook until meat is completely cooked through. Remove cooked meat and carefully remove pot from the unit and drain out all of the fat. Return pot to the base.
2. Add the teaspoon of vegetable oil to the cooking pot and set to Brown/Sauté at 350°F. Once hot, add the onion, jalapeño, red pepper and garlic. Stir together and sauté until soft and fragrant, about 5 to 8 minutes. Return the cooked beef to the pot with the sautéed vegetables. Stir in the chili powder, oregano, salt and cayenne until fully combined.
3. Add the crushed and diced tomatoes. Cover and switch the unit to Slow Cook on Low for 6 hours. When unit switches to Keep Warm, degrease the chili by either skimming any excess fat with a ladle or by gently blotting the surface with a paper towel.
4. Taste and adjust seasoning accordingly. Leave on Keep Warm until ready to serve.

Shrimp & Chorizo Gumbo

Not exactly a purist's version of gumbo, but a delicious one just the same!

Settings: Brown/Sauté
Slow Cook

Makes about 14 cups

- ¼ teaspoon vegetable oil**
- 1 pound chorizo or andouille sausage cut into ½-inch dice**
- ½ cup dry white wine, divided**
- ½ cup (1 stick) unsalted butter**
- ¾ cup unbleached, all-purpose flour**
- 1 large onion, peeled and finely chopped**
- 4 to 5 large celery stalks, finely chopped**
- 1 large green pepper, finely chopped**
- 4 garlic cloves, finely chopped**
- 2 tablespoons Creole seasoning**
- ½ teaspoon sea or kosher salt**
- 2 cans (14.5 ounces each) diced tomatoes, drained**
- 1 bay leaf**
- 10 cups shrimp stock* (see page 7)**
- 10 ounces okra (about 22 to 24 pieces), cut into ¼-inch slices, fresh or frozen**
- 2 pounds large shrimp, peeled, deveined and rinsed**

1. Put the oil into the cooking pot of the Multicooker set to Brown/Sauté at 400°F. Once the oil is hot, add the chorizo/sausage and cook until browned all over, about 6 to 10 minutes. Carefully degrease the pan either by sopping up the grease with paper towels, or by removing pot and carefully pouring off the grease into a separate container. Return the pot to the base (if removed). Stir in ¼ cup of the white wine in order to scrape up all the brown bits that may have accumulated on the bottom of the pot. Remove sausage and reserve.
2. Lower the heat to 300°F and add the butter. Once butter has melted, stir the flour into the butter with a wooden spoon so that the mixture comes together – this is called a roux. Continue stirring roux until it is smooth and resembles the color of peanut butter, approximately 30 to 40 minutes. It is important to keep a close eye during

this step as the roux could burn if it is not occasionally stirred and a low heat is not maintained.

3. Once the roux has reached the appropriate color, raise temperature to 325°F, stir in the onion and celery; sauté for about 5 minutes. Stir in the green pepper and garlic and continue to cook for another 5 minutes. Stir in the remaining ¼ cup of white wine, and again scrape any brown bits that may have accumulated on the bottom of the cooking pot. Stir in Creole seasoning and salt – stir over heat for 1 minute. Stir in drained, diced tomatoes and bay leaf. Once all ingredients are well incorporated, slowly whisk in the shrimp stock, using a nonstick whisk. Continue whisking until all ingredients are incorporated.
4. Add the reserved cooked sausage. Cover and switch unit to Slow Cook on Low for 4 hours. Once unit switches to Keep Warm, stir in the okra; switch to Brown/Sauté at 300°F to simmer for an additional 30 minutes. Taste and adjust seasoning.
5. The final step is to stir in the shrimp. The shrimp will take only 5 minutes to cook so wait until just before serving to add. If desired, set to Warm on Slow Cook for serving. Tip: Gumbo is best served in shallow bowls over rice.

*Shrimp stock is a key ingredient for this dish, and is easy to make with the shells from the shrimp used in the recipe. However, if necessary, vegetable broth can be substituted.

Note: Should there be excessive grease remaining in the bottom of the pot after browning sausage in Step 1, refer to the instructions on page 8 of the instruction book for removal.

Caldo Verde

This satisfying soup of Portuguese origin is perfect on a cold winter evening.

Settings: Brown/Sauté
Slow Cook

Makes about 8 cups

- 1** teaspoon olive oil, plus more if necessary
- ¾** pound smoked Spanish chorizo, cut in half lengthwise and then cut into ½-inch slices
- 1** small onion, peeled and finely chopped
- 6** garlic cloves, crushed
- ¾** pound kale, rough stems removed and roughly chopped
- 1½** pounds Yukon Gold potatoes, peeled and cut into 1-inch dice (covered in cold water until ready to use, to avoid oxidation)
- 1¼** teaspoons sea or kosher salt
- ¼** teaspoon freshly ground black pepper
- 8** cups chicken broth, low sodium

1. Put the olive oil into the cooking pot of the Multicooker set to Brown/Sauté at 400°F. Once the oil shimmers across the pot, add the chorizo. Cook until chorizo is browned on both sides, about 8 minutes.
2. The amount of oil released from chorizo varies depends on the type of sausage you are using. You should have ½ tablespoon of oil remaining in the cooking pot. If the pan is dry, add some olive oil. If there is an excessive amount, carefully wipe out.* Stir in the onion and garlic and cook until softened.
3. Stir in the kale, drained potatoes, salt and pepper and toss to evenly coat with the oil. Finally stir in the chicken broth. Switch unit to Slow Cook on High for 4 hours.
4. When time has expired, unit will switch to Keep Warm. Taste and adjust seasonings as desired.

*Should there be excessive grease remaining in the bottom of the pot after browning chorizo in Step 1, refer to the instructions on page 8 of the instruction book for removal.

Lemon Chicken with Rosemary

By the end of the cooking time, the chicken in this dish falls apart, making a light and lemony dish that will soon be a favorite.

Settings: Brown/Sauté
Slow Cook

Makes 8 servings

- 1 teaspoon olive oil**
- 4 pounds bone-in chicken thighs, trimmed of excess visible fat with skin kept intact**
- 1½ teaspoons kosher salt, divided**
- ¾ teaspoon freshly ground black pepper**
- ½ cup unbleached, all-purpose flour**
- 3 large onions, peeled, halved and sliced**
- 6 garlic cloves, roughly chopped**
- 3 fresh rosemary sprigs**
- ½ cup fresh lemon juice**
- ¾ cup chicken broth, low sodium**
- 1 tablespoon lemon zest (from about 3 medium lemons)**
- 1 lemon, thinly sliced**
- chopped rosemary for garnish**

1. Put the oil into the cooking pot of the Multicooker set to Brown/Sauté at 400°F.
2. Season the chicken thighs on both sides with 1 teaspoon of salt and all of the pepper. Dredge the chicken thighs in flour to lightly coat.
3. Once unit is heated, put about half of the chicken, skin side down, into the hot cooking pot (usually about 6 thighs fit in the skillet at a time. You do not want to crowd the pan, because the chicken will not brown properly). Brown on both sides, about 6 to 8 minutes per side. Chicken will release from the pot once it has browned. Reserve. Repeat with remaining chicken thighs.
5. Reduce heat to 350°F. Sauté onions and garlic for 6 to 8 minutes until softened. Stir in the rosemary sprigs and remaining ½ teaspoon of salt. Add the lemon juice, scraping up any brown bits that may remain on the cooking surface with a wooden

spoon. Let juice come to a boil and reduce by half, about 5 minutes. Add the chicken broth and lemon zest and let come to a boil.

6. Nestle the browned chicken thighs in the onion mixture (it is okay for them to overlap). Place lemon slices on top of the chicken.
7. Switch unit to Slow Cook on High for 2 hours. Cover and cook until thighs are cooked through (165° to 170°F) and very tender.
8. When time has expired, unit will switch to Keep Warm. Garnish with the chopped rosemary. Serve immediately in shallow bowls with rice or mashed potatoes.

Green Chile Tamales

Although this meal involves multiple steps, the final results are well worth the effort.

Note that the recipe makes 24 tamales, but only 12 can be steamed in the final step at a time. Either steam them in two batches, or refrigerate or freeze the second half.

Settings: Brown/Sauté
Slow Cook
Steam

Makes 24 tamales

Green Chile:

- 2 pounds poblano peppers**
- 2 tablespoons vegetable oil**
- 1 medium onion, peeled and finely chopped**
- 1 jalapeño pepper, seeded and finely chopped**
- 4 garlic cloves, finely chopped**
- 2 tablespoons plus 1 teaspoon unbleached, all-purpose flour**
- 2 cups chicken broth, low sodium**
- 2 pounds whole chicken legs (about 4 legs), roasted, meat removed and shredded**
- 24 corn husks**

Masa Dough:

- 5 cups masa harina***
- 3¾ cups water**
- 1¼ cups vegetable oil**
- 1 tablespoon plus one teaspoon baking powder**
- 2½ teaspoons sea or kosher salt**
- 2 quarts water for steaming**

1. Prepare the green chile: Line the cooking pot of the Multicooker with the poblano peppers. Cover and set to Brown/Sauté at 400°F. Cook for about 30 minutes, removing cover to turn every 8 to 10 minutes, until all sides are charred (time will vary depending on the size and quantity of the peppers). Remove, put into a mixing bowl and cover with plastic wrap. Once cool to the touch, peel, seed and roughly chop. Reserve. Carefully clean any of the char from the bottom of the pot before using for the next step.

2. Put oil into the cooking pot and again set to Brown/Sauté at 400°F. When the oil is hot, add the onion, jalapeño and garlic to the pot. Stir and sauté until softened and slightly golden. Stir in the flour and cook for about 1 to 2 minutes. Whisk in the broth, using a nonstick whisk and bring to simmer until smooth and thickened (about 5 to 7 minutes). Stir in the chicken and the reserved, chopped poblanos, and switch to Slow Cook on High for 3 hours.
3. While the chile is cooking, pour boiling water over the corn husks to soak. Use an inverted plate to keep the husks submerged for up to 1 hour.
4. Remove the finished chile from the cooking pot. It should be moist, not soupy. If necessary, transfer to a strainer to remove any excess liquid. Allow cooking pot to cool enough to handle and clean. Replace in the unit to steam tamales.
5. Prepare the masa: In a large bowl, using a hand mixer, mix together the masa, water, oil, baking powder and salt.
6. Assemble tamales: Drain and rinse corn husks and lay flat. Hold one in your hand and spread about ¼ cup of masa dough onto the husk. You want to cover ⅔ of the husk toward the wider end. Place about 2 to 4 tablespoons of chile on top of the masa (this will differ depending on the size of the corn husks). Fold the narrow end of the husk up into the tamale and then roll the sides together to enclose.
7. Repeat with remaining tamales.
8. Fill multicooker pot with 2 quarts of water and set the unit to Steam fitted with the steaming rack. Place 12 of the tamales onto the rack and set timer to 1½ hours. Check after 1 hour has passed – the husk should easily peel away from the side and the masa should be set. Repeat this step, making sure that there are 2 quarts of water in the cooking pot, and steam the remaining tamales.

*Masa harina is flour made from the dried corn dough used to make tortillas and can be found in speciality food stores or in the international aisle of most supermarkets.

Guinness Braised Short Ribs

A perfect, comforting dish for a cold winter evening.

Settings: Brown/Sauté
Slow Cook

Makes 6 to 8 servings

- 10 beef short ribs (about 3 pounds total)**
- 1½ teaspoons sea or kosher salt, divided**
- ¼ teaspoon freshly ground black pepper**
- 1½ teaspoons olive oil**
- 1 small onion, peeled and finely chopped**
- 1 leek, root end trimmed, white parts only, washed and finely chopped**
- 2 medium carrots, peeled and finely chopped**
- 1 celery stalk, finely chopped**
- 3 garlic cloves, finely chopped**
- ¾ teaspoon dried thyme**
- 12 ounces Guinness beer (one standard bottle)**
- 2 tablespoons tomato paste**
- 4 fresh Italian parsley sprigs, chopped water, if necessary**

1. Season the beef well on all sides with ½ teaspoon of the salt, and all the pepper.
2. Put the oil into the cooking pot of the Multicooker set to Brown/Sauté at 400°F. Once hot, add the short ribs (may need to cook in two batches). Cook for 5 to 6 minutes on each side, until very nicely browned. Remove and reserve (repeat with remaining if necessary). Carefully wipe up most fat, leaving only about 2 teaspoons behind.*
3. Add the vegetables, garlic, thyme and remaining salt to the pot and reduce the temperature to 375°F. Cook until onion is translucent and vegetables are slightly softened, about 3 to 5 minutes. Stir in the Guinness and simmer to reduce slightly (about 3 to 5 minutes). Stir in the tomato paste. Nestle the ribs and any accumulated liquid into the vegetables. Be sure liquid comes halfway up the ribs (if it does not, add enough water to reach to that point).

4. Cover and switch unit to Slow Cook on Low for 10 to 20 hours, depending on time available. The longer it cooks the more tender the meat will be.

5. When unit switches to Keep Warm, it is recommended to degrease the pot before serving. Either remove grease with a ladle or blot with a fat mop or paper towel.

6. Once ready to serve, stir in the chopped parsley. Taste and adjust seasoning accordingly.

*Should there be excessive grease in the bottom of the pot after browning the short ribs in Step 2, refer to the instructions on page 8 of the instruction book for removal.

- 2** carrots, peeled and cut into 2-inch pieces
- 2** celery stalks, cut into 2-inch pieces
- 3** pounds corned beef, first cut (flat) (Meat comes packaged. Remove and rinse. Discard spice packet, if included)

Cover and set to Slow Cook on Low for 12 hours.
2. Remove the meat, cool and refrigerate, covered, overnight.

Brisket of Beef

Also delicious with bottom round or chuck.

Settings: Brown/Sauté
Slow Cook

Makes 8 servings

- 1** tablespoon olive oil
- 1** beef brisket (2½ to 3 pounds), first cut
- 1** teaspoon sea or kosher salt
- 1** teaspoon freshly ground black pepper
- 1** pound onions, peeled and cut into ¼-inch slices
- 3** garlic cloves, peeled and left whole
- 2** sprigs fresh thyme leaves (stems discarded)
- 1** tablespoon tomato paste
- ¼** cup ketchup
- 4** cups beef stock, low sodium
- 1** pound carrots, peeled and cut into 2-inch pieces

1. Put the oil in the cooking pot of the Multicooker set to Brown/Sauté at 400°F.
2. While the oil is heating, season the brisket on both sides with the salt and pepper.
3. Once the unit has preheated, brown the brisket well on both sides, about 5 minutes per side. Remove and reserve.
4. Add the onions, garlic and thyme; sauté until softened, about 5 minutes. Stir in the tomato paste and ketchup, cooking for another 4 minutes.
5. Return the beef to the pot and add enough stock to come about $\frac{3}{4}$ of the way up the sides of the pot and completely covers the beef (may not need the full 4 cups). Add the carrots evenly over the beef.
6. Cover and switch the unit to Slow Cook on Low for 12 hours.
7. To serve, remove the brisket and vegetables and arrange on a platter. Cover loosely with foil. Strain the fat from the pan juices. Sauce can be served as is, or for a slightly thicker sauce, switch unit to Brown/Sauté at 350°F and allow sauce to simmer for about 5 minutes. After the brisket has rested for about 10 minutes, slice thinly and serve with sauce and vegetables.

Sides

Braised Fennel

Braising is one of the most rewarding preparations of fennel. It sweetens the natural bitterness and brings out the rich licorice tones. So simple with only a handful of ingredients, fennel can pair well with many different dishes from lamb to chicken to pork loin.

Setting: Brown/Sauté

Makes about 4 cups

- 2** **tablespoons olive oil**
- 3** **fennel bulbs (about 1½ to 2 pounds in total), cut into ½-inch slices (save the fronds for another use)**
- ½** **teaspoon sea or kosher salt**
- ½** **teaspoon freshly ground black pepper**
- ⅓** **cup dry white wine**
- 1½** **cups chicken broth, low sodium**

1. Put the oil into the cooking pot of the Multicooker set to Brown/Sauté at 375°F.
2. Once the oil is hot, add one third of the sliced fennel with the salt and pepper. Sauté about 2 to 4 minutes per side, until golden brown. Remove and reserve; repeat with remaining fennel.
3. Put all of the reserved fennel back into the cooking pot. Add the wine and cook until almost evaporated, about 1 to 2 minutes.
4. After the wine cooks off, add the broth. Reduce the heat to 300°F. Cover and cook for 30 minutes or until the fennel is fully softened, sweet and fragrant.
5. Serve immediately.

Broccoli Rabe with Sausage

This dish takes a few steps to complete. The broccoli rabe is first steamed – this improves the overall texture of the finished dish, making it nice and tender.

Settings: Steam

Brown/Sauté

Makes 4 servings

- 1** **quart water**
- 1** **large bunch broccoli rabe, approximately 1 pound, ends trimmed**
- 1** **teaspoon olive oil**
- 12** **ounces pre-cooked Italian sausage, sweet, hot or mix of both, cut into ½-inch slices**
- 3** **garlic cloves, finely chopped**
- ¼** **cup dry white wine**
- 1½** **cups chicken broth, low sodium**
- ¼** **teaspoon crushed red pepper**

1. Steam the broccoli rabe: Put the quart of water into the cooking pot of the Multicooker and insert the steaming rack. Set to Steam for 8 minutes; cover. Once tone sounds, put the broccoli rabe on the rack and cover.
2. Unit automatically turns off when steaming is complete. Remove and reserve broccoli rabe. Carefully remove water and wipe cooking pot dry. Cooking pot will be hot, so use caution.
3. Put the olive oil into the cooking pot set to Brown/Sauté at 350°F. Once hot, cook sausage until well browned on all sides; this takes about 10 to 15 minutes.
4. Once sausage is browned, add garlic. Sauté until fragrant. Add white wine and allow to cook down until almost evaporated. Scrape up any flavorful brown bits that have accumulated in the bottom of the pan. Add chicken broth and red pepper. Simmer ingredients for about 5 minutes to blend the flavors.
5. Reduce the temperature to 300°F. Add reserved broccoli rabe and allow to simmer, covered, for an additional 10 minutes.
6. Serve immediately.

Garlic-Rosemary Beans

These are delicious served alongside lamb chops. You can also purée them in a food processor to make a white bean dip to serve with a crudités platter.*

Settings: Brown/Sauté
Slow Cook

Makes about 6 cups

- 1 pound navy or cannelloni beans, soaked in room-temperature water overnight
- 1½ teaspoons olive oil
- 6 to 8 garlic cloves, crushed
- 2 fresh rosemary sprigs
- ½ teaspoon sea or kosher salt
- 2½ cups vegetable or chicken broth

1. Soak the beans overnight by covering with water by about 2 inches. Once soaked, drain and rinse.
2. Put the oil in the cooking pot of the Multicooker set to Brown/Sauté at 350°F. Once oil is hot, add the garlic. Sauté until the garlic is golden and fragrant, about 1 to 2 minutes. Add the remaining ingredients (be sure to drain the beans). Stir to combine, cover and switch to Slow Cook on High for 4 hours. (Check the beans after 3 hours. If they seem tender enough, turn it off. If not allow it to cook for the additional hour.)
3. Once the time has expired, the unit will automatically switch to Keep Warm.

* If puréeing, more liquid (about ½ to 1 cup) will need to be added when processing.

Macaroni & Cheese

We upped the creaminess factor in our version of everyone's favorite comfort food. The béchamel is the centerpiece of the ultimate macaroni and cheese.

Settings: Brown/Sauté
Slow Cook

Makes about 12 servings

- 8 tablespoons unsalted butter
- ½ cup unbleached, all-purpose flour
- 6 cups whole milk
- ¾ teaspoon sea or kosher salt
- ½ teaspoon freshly ground black pepper
- pinch ground nutmeg
- ¼ teaspoon dry mustard
- 12 ounces various shredded cheeses (we love using Cheddar and/or fontina)
- 4 ounces grated Parmesan
- 1 pound macaroni, par-cooked (see package instructions and cook half of the suggested time), reserved

1. Put the butter into the cooking pot of the Multicooker set to Brown/Sauté at 250°F. Once butter has melted, stir in the flour and let cook, stirring often, for about 4 to 5 minutes or until mixture is lightly browned and thickened.
2. Gradually whisk in the milk, salt, pepper, nutmeg and dry mustard using a nonstick whisk. Raise heat to 325°F to bring the mixture to a boil. Stirring constantly, let mixture cook about 5 minutes or so, until thickened. This mixture is a béchamel or white sauce, a sauce base for melting cheese easily. It should be thick enough to thickly coat the back of a spoon.
3. Once the white sauce has thickened, stir in the cheeses and mix until melted.
4. Stir in the macaroni until well mixed and cover.
5. Switch the unit to Slow Cook on Low for 4 hours.
6. Once time has expired, the unit will automatically switch to Keep Warm. Serve immediately, garnished with toasted breadcrumbs if desired.

Sautéed Red Potatoes

A quick and flavorful way to enjoy red potatoes. Be patient with flipping the potatoes – they brown best if they are not crowded and are left to sit in the hot cooking pot before turning.

Settings: Brown/Sauté

Makes about 8 servings

- 1½** **tablespoons olive oil**
- 2** **pounds small red new potatoes, halved**
- ¼** **teaspoon sea or kosher salt**
 pinch freshly ground black pepper
- 3 to 4** **garlic cloves, smashed**
- 2** **teaspoons chopped fresh rosemary**

1. Put the oil into the cooking pot of the Multicooker set to Brown/Sauté at 350°F.
2. Once the oil is hot, add the potatoes (cut side down), salt and pepper. Let the potatoes sit in the hot cooking pot, then toss after about 3 minutes.
3. Once the potatoes are browned, cover and let potatoes cook for about 30 minutes, or until fully cooked.
4. When 5 minutes are remaining, add the garlic and rosemary, and toss to combine. Cover again and allow to cook for a few minutes to soften the garlic.
5. Serve immediately.

Steamed Artichokes

Trimming the bottoms of the artichokes ensures that they stand up straight, so do not skip that step. Also, in addition to adding flavor, the lemon slices prevent the artichokes from turning brown during cooking. Enjoy plain or dip in a nice lemon oil.

Setting: Steam

Makes 6 servings

- 1½** **quarts water**
- 6** **medium to large artichokes**
- 6 to 12** **garlic cloves, thinly sliced**
- 2** **lemons, one juiced and the other cut into 6 slices**
 pinch freshly ground black pepper
 pinch sea or kosher salt

1. Put the water into the cooking pot of the Multicooker fitted with the steaming rack and cover.
2. Cut the stems off the artichokes so they are able to stand. Using a serrated knife, cut the tops of the artichokes off, and with kitchen shears, trim the tips of the outer leaves. Pull leaves back to open the artichokes.
3. Evenly stuff the garlic slices in between the leaves of each artichoke. Season each with lemon juice, pepper and salt. Place one lemon slice on top of each artichoke.
4. Set the unit to Steam for 50 minutes.
5. Once tone sounds, indicating unit is ready to steam, place the artichokes upright in the rack and cover again.
6. Artichokes are done when the leaves can be pulled off easily, and when turned over, the tip of a paring knife easily pierces the bottom-center of the artichoke (the heart).

Applesauce

When fall comes around, nothing is better than the aroma of applesauce cooking in the home. Our recipe is quite versatile; you can leave it as a chunky sauce or purée it for the more common smooth version.

Setting: Slow Cook

Makes about 6 cups

- 4 pounds apples, cored and cut into two-inch pieces (peeled or unpeeled)**
- 2 cinnamon sticks**
- 2 pinches freshly ground nutmeg**
- pinch ground cloves**
- pinch sea or kosher salt**
- $\frac{3}{4}$ cup water**
- $\frac{1}{4}$ cup fresh lemon juice (from about 1 medium to large lemon)**

1. Put all of the ingredients into the cooking pot of the Multicooker.
2. Select Slow Cook on Low for 4 hours.
3. Once unit switches to Keep Warm, remove the cinnamon sticks. If a chunky sauce is desired, use a potato masher to mash cooked apples to desired consistency. If a smooth sauce is preferred, transfer apples to a fine mesh strainer and press through with the help of a ladle. Once the apples have passed through the strainer, discard the skins (if necessary) and return smooth apples to the cooking pot. Keep sauce on Keep Warm for serving, or cool to room temperature and store in the refrigerator.

Apple Butter

Cooking the applesauce down with some sugar and spices makes delicious apple butter.

Setting: Slow Cook

- 1 cup packed light brown sugar**
- 1 tablespoon ground cinnamon**
- 1 teaspoon ground allspice**

1. Put all ingredients into the cooking pot of the Multicooker.
2. Select Slow Cook on High for 2 hours and cook uncovered. This time is an estimate – it can be anywhere from 1 to 4 hours. You want the apple butter to be nicely thickened until it is spreadable.

Cannoli Cheesecake

We make many cheesecakes in the Test Kitchen, and one of our favorite methods (which happens to be the easiest and most foolproof) is slow cooked. To offer the palate some new, fun flavors, we made a cheesecake that is nice and creamy with the flavor of cannoli filling.

Setting: Slow Cook

Makes one 7-inch cheesecake (about 8 servings)

- 1 tablespoon unsalted butter, room temperature (for pan)**

Crust:

- $\frac{1}{4}$ cup graham cracker crumbs
 $\frac{1}{4}$ cup toasted pine nuts, finely ground
1 tablespoon granulated sugar
 pinch sea or kosher salt
 $\frac{1}{2}$ tablespoon unsalted butter, melted
 and cooled to room temperature

Filling:

- 4 ounces ($\frac{1}{2}$ package) cream cheese, quartered and room temperature**
 $\frac{1}{2}$ cup granulated sugar
 $\frac{1}{4}$ teaspoon sea or kosher salt
 $\frac{1}{4}$ teaspoon ground cinnamon
3 large eggs, room temperature
2 large egg whites, room temperature
1 teaspoon pure vanilla extract
12 ounces whole-milk ricotta, room temperature
2 ounces bitter or semisweet chocolate, finely chopped

1. Lightly brush a 7-inch springform pan with the tablespoon of room temperature butter. Reserve.
2. Prepare the crust. Put all of the crust ingredients into a small mixing bowl. Using a hand or stand mixer, beat on low until the mixture comes together. Pat crumb crust evenly into prepared springform pan. Reserve.
3. Prepare the filling. Put the ricotta in a mixing bowl or the bowl of a stand mixer. Using the beaters or paddle attachment, mix on medium speed until smooth. Add the cream cheese, sugar, salt and cinnamon. Mix

on medium speed until very smooth (you cannot over-mix at this stage. Be sure there are no lumps in the batter). Scrape bowl and beaters/paddle with a spatula. Add eggs and whites, one at a time, making sure each is incorporated into the batter before adding the next. Mix in vanilla. Be sure the batter is homogenous, but do not over-mix. Stir in the chopped chocolate.

4. Pour batter into the prepared pan. Put pan into the bottom of the cooking pot of the Multicooker.
5. Select Slow Cook on High for 3 hours.
6. Once the time has elapsed, allow cake to rest in the unit on Keep Warm for an additional 2 hours (you want it to be just set).
7. Remove cheesecake and place on a cooling rack. Once completely cool, wrap well with plastic and refrigerate for at least 6 hours before serving.

Dense Chocolate Cake

This is our version of the still-popular flourless chocolate cake. Best of all you don't need to turn on the oven!

Setting: Slow Cook

Makes one loaf cake (about 12 servings)

- ½ tablespoon unsalted butter, room temperature (for pan)**
- ½ cup (1 stick) unsalted butter**
- 4 ounces semisweet chocolate, broken into 2-inch pieces**
- ¼ cup cocoa powder, sifted**
- ¼ teaspoon table salt**
- ¾ teaspoon pure vanilla extract**
- ½ cup granulated sugar**
- 2 large eggs, room temperature**
- 1 teaspoon espresso powder**

1. Prepare an 8½x4½-inch loaf pan by lightly coating with the ½ tablespoon of room temperature butter. Line the bottom of the pan with parchment paper. Reserve.
2. In the top of a double boiler set over medium-low heat (or a heat-proof bowl set over a pot of simmering water), combine the butter and chocolate. Stir occasionally until just melted. Remove from heat and stir in the cocoa powder, salt and vanilla. Reserve.
3. In a medium mixing bowl, beat the sugar and eggs together until lightened (this takes a few minutes. The mixture should be a pale yellow color that almost holds its shape).
4. Once the chocolate mixture has cooled, stir it into the egg/sugar mixture with the espresso powder, making sure that it is fully combined, with no streaks of color.
5. Pour cake batter into the prepared pan. Tap pan on the counter a few times to remove any air bubbles and to level the cake.
6. Put the filled pan into the bottom of the cooking pot of the Multicooker. Select Slow Cook on High for 2½ hours.
7. Once unit switches to Keep Warm, turn the unit off and remove cake to cool to room temperature. Remove cake from pan and discard parchment. Wrap well and chill for at least 2 hours or overnight.

Traditional Rice Pudding

What better ending to a meal than a cup of rice pudding? The great thing about this dessert is that it can be served warm out of the cooking pot or chilled. Chilled rice pudding does set up and has a different consistency than when served warm.

If not serving immediately, stir some extra milk or water into the rice pudding to make it creamier.

Setting: Slow Cook

Makes 8 cups (sixteen servings)

- 2 cups Arborio rice**
- 4 cups whole milk**
- 2 cups heavy cream**
- 1 cup water**
- 1 vanilla bean, halved and seeds scraped**
- ¾ cup granulated sugar**
- ¼ teaspoon sea or kosher salt**
- 1 teaspoon pure vanilla extract**
- 2 whole cinnamon sticks**
- ¼ teaspoon ground nutmeg**

1. Put all of the ingredients into the pot of the Multicooker. Stir to combine.
2. Select Slow Cook on High for 3 hours.
3. Once the cooking time has elapsed, the unit will automatically switch to Keep Warm.
4. Remove and discard vanilla bean and cinnamon sticks. Keep on Warm until ready to serve.

Dulce de Leche

Although this is readily available in most supermarkets, it is quite simple to make your own. The longer you cook it, the richer and more concentrated the caramel flavor gets.

Setting: Brown/Sauté

Makes about 1½ cups

- 2 cans (13 ounces each) nonfat sweetened condensed milk**
pinch sea or kosher salt
½ teaspoon baking soda

1. Put all of the ingredients into the cooking pot of the Multicooker.
2. Set the unit on Brown/Sauté at 350°F to bring mixture to a boil, stirring frequently. Once mixture just comes to a boil, reduce heat to 250°F so that there is a constant low simmer. Keep pot uncovered and while stirring occasionally, allow to simmer until caramel-colored and thickened, about 1 to 1½ hours.
3. Switch to Slow Cook on Warm if serving immediately, or bring to room temperature and store in refrigerator if using at a later time.
