

Daintree® Wireless Controls

WWD2-2 Wireless Wall Dimmer

Project Name _____

Date _____ Type _____

Catalog Number _____

Key Features and Benefits

- Works on Daintree EZ Connect or Daintree Networked Wireless Controls systems
- Intuitive personal controls provide dimming or scene control
- Provides 3-way capability and can connect up to 4 switches per zone
- Decorator style
- Completely wireless installation. Communicates to Daintree Wireless Controls, nodes and devices
- In-Wall or Surface Mount Options
- 5-year battery operation
- Daintree Networked is DLC certified

2-Button Wall Dimmer (WWD2-2SM & WWD2-2IW)

Operation

- Can be programmed as a master On/Off & Dimmer switch
- Multi-way operation (up to 4 switches per zone)

Mounting

- Surface mount (WWD2-2SM)
 - Flexible mounting options (i.e. Entrance, workstation, podium, conference table)
- Recess Mount (WWD2-2IW)
 - Retrofit mounting in junction boxes
 - Ability to gang devices

Commissioning

- Daintree EZ Connect App for Zonal Room Based Control (app available on Apple® App Store)
- Daintree Controls Software (DCS) in Daintree Networked

Description

The **Wireless Wall Dimmer (WWD2-2)** is part of the Daintree Wireless Controls product portfolio, a wireless controls solution for lighting and building control, monitoring, and optimization. Daintree Wireless controls provide a highly scalable solution to address evolving environmental regulations and transform spaces into intelligent environments for buildings of all sizes.

Product Overview

The **WWD2-2** is a battery-powered wall dimmer switch that takes the place of a standard wall switch. Using wireless communications, this switch can be used to turn lights on, off, or dim to the users light preference levels.

Installation is quick and easy without the need for any wires, plenum access or wall cavity, while its sleek, low-profile design will complement any office or commercial environment.

- Suitable for many applications, including commercial office, education, healthcare and retail.
- Simple wall mount
- Slim form factor
- Completely wireless installation, communicates to Daintree EZ Connect or Daintree Networked nodes.

Warranty

Current offers a limited Warranty across its Daintree Portfolio. The table below summarizes the Warranty terms. For additional information, please review the Limited Warranty Document on the Daintree Homepage.

Component	Warranty Period	Coverage Details
Daintree Software	1 year (IoT Cloud installed Software) Subscription term (SaaS) 3 years	Current warrants that as long as all applicable fees due are paid, Daintree Software will substantially conform to the applicable published documentation and published specifications for the Warranty Period.
System Controller	3 years	100% parts coverage. Warranty for non-Daintree software (such as operating system software) is provided by the respective software; Current makes no warranty with respect to non-Daintree software.
WACs	5 years	100% parts coverage
Wireless Adapters	5 years	100% parts coverage
Wireless Devices	5 years	100% parts coverage, excluding batteries.
Wireless Thermostats	2 years	100% parts coverage

Daintree wireless controls are available integrated and preinstalled in many Current lighting fixtures. Any 0-10V lighting fixture can be enabled with Daintree controls with a Daintree LCA kit.

For a complete list of integrated sensors, look for the Daintree Wireless Controls icon on the product pages on [gecurrent.com](https://www.gecurrent.com).
