The Topex® miniB4X reciprocating saw is the most powerful reciprocating saw in the industry. It features a powerful 125 AMP motor, 1800 RPM, 11000 strokes per minute, 18.5 lbs. weight, 15.5" cutting depth, 15.5" maximum cutting angle, 3.3" maximum cutting speed, 3.3" maximum cutting speed, 3.3" maximum cutting speed, 3.3" maximum cutting speed.

### **OPERATION**

- 1** Turn the motor on
- 2** Turn the blade on
- 3** Turn the blade on
- 4** Turn the blade on
- 5** Turn the blade on
- 6** Turn the blade on
- 7** Turn the blade on
- 8** Turn the blade on
- 9** Turn the blade on
- 10** Turn the blade on

### **USE AND MAINTENANCE**

- 1** Turn the motor on
- 2** Turn the blade on
- 3** Turn the blade on
- 4** Turn the blade on
- 5** Turn the blade on
- 6** Turn the blade on
- 7** Turn the blade on
- 8** Turn the blade on
- 9** Turn the blade on
- 10** Turn the blade on
