*Journal of
Library Management*

The *Journal of Library Management* is a well-established journal in the field of library studies. It has a long history and a strong reputation for its high-quality research and articles.

The journal covers a wide range of topics related to library management, including library services, library development, library education, and library research. It is a valuable resource for library professionals and researchers alike.

The journal is published quarterly and is available in both print and electronic formats. It is a member of the International Association of Agricultural Librarians and Documentalists (IAALD) and the International Association of University Librarians (IAUL).

The journal is a key source of information for library managers and researchers. It provides a platform for the dissemination of research findings and the sharing of best practices in library management.

The journal is a must-read for anyone interested in library management. It is a valuable resource for library professionals and researchers alike.
