

PROFESSIONAL STAIR TOOL

110900

FOCUSED FORCE

Built-in strike cap helps drive carpet into gullies when struck with a hammer

OPTIMALLY SIZED

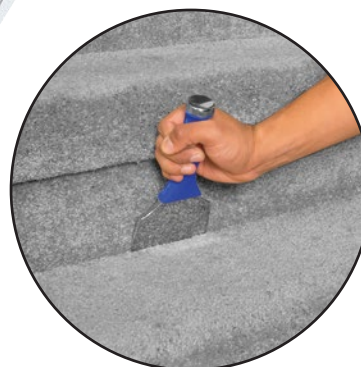

4" wide for faster carpet tucking

DURABLE

Chrome-plated steel construction for added strength and durability

DUAL-EDGED DESIGN

Features square end and round end

Primarily designed for stair tucking, Capitol® Professional Stair Tool can also be used to drive carpet into gullies, set into tack strips, and crease carpeting along wall lines. It has a chrome-plated steel construction, and a slip-resistant handle. The 4" wide blade delivers faster carpet tucking and cleaner edges.
