

V-Gard® 930 Premium Helmet System

Industrial workers told us their wishes...

*"...Perfect balance
and comfort"*

*"...Gap-free, close
fitting eye protection"*

*"...Premium
Protection"*

*"...Spectacles to fit
underneath integral
eye protection"*

*"...High visibility &
individual design"*

*"...Easily stowed
integral eye
protection"*

To develop the most sophisticated integrated Head & Eye Protection for industrial workers, MSA interviewed more than 300 end-users.

V-Gard 930 with integrated over spectacle for 360°s of protection is the result!

V-Gard 900 Safety Helmets, 360° OF PROTECTION

V-Gard®930 Helmet with Integrated Over Spectacle

The direct result of industrial workers feedback

Benefit to the user	From V-Gard 930 Features
High Wearing Comfort	• Best wearing balance & stability • Comfort pad in nape, low sitting nape strap • Great field of vision with premium antifog over spectacle • Sweat absorbing, washable and extra large, replaceable sweatband • 3 wearing heights possible: better upward vision / higher sun protection
Premium Protection	• Premium, ABS shell which offers lateral deformation protection • Intelligent adjustment and innovative rubber seal to ensure gap free eye protection on the face • Grade „B“ impact protection lens (better than standard safety spectacles) • Optional reflective stickers for 360° visibility, day and night • Optional 4-point chinstrap for increased stability and retention • ATEX antistatic certified • Non vented helmet: Certified for molten metal and electrical insulation 
Modern & Customizable Design	• Dynamic, low profile shell design • 6 shell colours, red or grey sticker sets available • Badge holder to include workers ID cards • Top quality, full colour printing on all helmet sides
Ease of Use	• Fits over prescription spectacles • Grip area with rail system for quick and easy lens stowing • Fas-Trac III ratchet knob adjustable even wearing gloves, no pressure to turn
Economics	• V-Gard system is so flexible to fit almost all industrial applications • Premium antiscratch lens • Decrease cost-of ownership, less safety eyewear required • Lifetime of helmet: 3 years storage + 5 years use • Over spectacles can be replaced easily
Interoperability with other PPE	• Lamp headband guides integrated in badge holder • Standard slots to add ear muffs and/or V-Gard face protection • Swap between integral over spectacles or integral visors • Winter liners, cooling pads, individual name sticker...
